The "Star Trek: The Original Series" 2018 Wall Calendar certainly lives up to its billing by including full-color photos of the Starship Enterprise's original bridge crew. But there are signs that Universe Publishing needs either a better photo editor for projects such as these-or a fresh approach to the product.

Star Trek Discovery 2021 Wall Calendar is based on the new hit series streaming on CBS All Access. This collectible wall calendar celebrates the highly popular series, Star Trek Discovery. Star Trek Discovery, the newest addition to the fabled Star Trek legacy, boldly introduced new characters, conflicts, and adventures.

"This collection explores the politics, protest and resistance of recent popular culture in relation to Brexit Britain and the Trump-era United States"--

An original novel based upon the explosive new Star Trek TV series on CBS All Access. Lieutenant Saru is a Kelpien, a member of a prey species born on a world overrun by monstrous predators…and a being who very intimately understands the nature of fear. Challenged on all sides, he is determined to surpass his origins and succeed as a Starfleet officer aboard the USS Shenzhou. But when Saru breaks protocol in order to prove himself to his crewmates, what begins as a vital rescue mission to save a vessel in distress soon escalates out of control. Forced into a command role he may not be ready for, Saru is caught between his duty and the conflicting agendas of two antagonistic alien races. To survive, he will need to seek a path of peace against all odds, and risk compromising the very ideals he has sworn to uphold…

An all-new novel based upon the explosive Star Trek TV series! It is 2246, ten years prior to the Battle at the Binary Stars, and an aggressive contagion is ravaging the food supplies of the remote Federation colony Tarsus IV and the eight thousand people who call it home. Distress signals have been sent, but any meaningful assistance is weeks away. Lieutenant Commander Gabriel Lorca and a small team assigned to a Starfleet monitoring outpost are caught up in the escalating crisis, and bear witness as the colony's governor, Adrian Kodos, employs an unimaginable solution in order to prevent mass starvation. While awaiting transfer to her next assignment, Commander Philippa Georgiou is tasked with leading to Tarsus IV a small, hastily assembled group of first responders. It's hoped this advance party can help stabilize the situation until more aid arrives, but Georgiou and her team discover that they're too late—Governor Kodos has already implemented his heinous strategy for extending the colony's besieged food stores and safeguarding the community's long-term survival. In the midst of their rescue mission, Georgiou and Lorca must now hunt for the architect of this horrific tragedy and the man whom history will one day brand "Kodos the Executioner"….

Star Trek emerged alongside mini-skirts, bellbottoms, and VW vans; flourished in the shadow of Madonna, big hair, and greed; and expanded with computers, Beanie Babies, and religious revitalization. Star Trek survived the culture shock of 9/11 and experienced a revival in the era of yoga pants, hybrid cars, and Starbucks. After more than 5 decades, Star Trek is alive and well, still voyaging through space and time. But, why is that? How has this science fiction franchise managed to anticipate and adapt to such rapid culture change? In The Voyages of Star Trek: A Mirror on American Society through Time, authors K. M. Heath and A. S. Carlisle, investigate the enduring appeal of Star Trek, noting how it has mirrored, foreshadowed, and adapted to contemporary American culture from 1966 to the present. Through anthropological analysis, the authors examine the evolution of Star Trek by tying its storylines to events and developments in the U.S., assessing the extent to which the visual image of Star Trek is reflected on the screen from "snapshots" of randomly selected episodes and all of the films. By examining how Star Trek addressed contemporary social issues through a sci-fi lens over time, the authors postulate, Americans can better understand their own changing culture. If StarTrek can continue to anticipate and adapt to our rapidly changing world, then it should remain a part of the cultural landscape for another 50 years, truly going where few franchises have gone before.

The cats are back in their continuing mission: to boldly go where no one has gone before. This companion to the bestselling Star Trek Cats brings the many adventures of Star Trek: The Next Generation to life in a faithfully feline homage to the hit series. From encounters with the Borg to adventures on the holodeck, Captain Picard and the rest of the U.S.S. Enterprise NCC-1701-D crew are reimagined as cats with lovingly detailed and eyebrow-raising scenes from throughout the award-winning series, perfect for Star Trek fans across the Galaxy. TM & © 2018 CBS Studios Inc. STAR TREK and related marks and logos are trademarks of CBS Studios Inc. All Rights Reserved.

The Starfleet Reference Library: Stellar Cartography collects together ten original, never-before-seen large-format maps of the Star Trek universe. Pulled from the cartography archives of Starfleet Academy, these beautifully reproduced maps provide a rare opportunity to view the expanse of Federation space (and beyond) through the multiple lenses of the Galaxy's key players. The maps include an ancient Vulcan map, a Klingon Empire map from the pre-Organian Peace Treaty era (in the native Klingon), an official Romulan government map of the Empire, a native Cardassian Union map from the Bajor occupation, along with Federation maps from the modern era. Housed in a handsome clamshell case and paired with a fully-illustrated reference book providing detailed information on planets, systems, and topography, this exclusive collection showcases the Star Trek universe like never before. Product Features: A tri-fold clamshell case 48-page 8" x 10" hardcover book Ten 24" x 36" removable maps

In a world in which political opportunity and liberation seem far away, the genre of science fiction grows in cultural importance and popularity. The contributors to this collection are political and social theorists from a range of disciplines who use science fiction as inspiration for new theories and examples of speculative politics. In dystopian governments, they find locations and forms of resistance. Representations of Political Resistance and Emancipation in Science Fiction explores a range of political and social theoretical concerns for the twenty-first century. Contributors analyze themes of post-humanism, resistance, agency, political community making, and ethics and politics during the Anthropocene.

In this, the second Discovery miniseries from IDW Publishing, your favorite characters from the hit CBS All Access series dive into an adventure tied directly into the second half of the first season!

Captain's log: We have entered a galaxy where beloved illustrator Jenny Parks has conjured an astonishingly vivid homage to the original Star Trek series with an unexpected twist: a cast of cats. Featuring a hilarious new take on iconic characters and scenes—from Kirk in the Captain's chair to Spock offering his Vulcan wisdom—this eye-opening adventure stays true to the tone of the classic TV show. Playful, loving, and from a strange new world, Star Trek Cats is the perfect gift for fans of, well, Star Trek and cats.

The official Star Trek: Discovery art book. Star Trek: Discovery, the newest chapter in the Star Trek Universe, follows the exploits of Vulcan-raised science officer Michael Burnham and the crew of the U.S.S. Discovery as they boldly go where no one has gone before. The Art of Star Trek Discovery explores behind the scenes of CBS's hit show, with cast and crew interviews, set photography, concept art and storyboards. With exclusive content from the first two seasons, this book is a must-have for every Star Trek fan.
