called upon to defend their creation, Roundworld, this time in a courtroom—where its very existence hangs in the balance. The Omnians fervently believe that the world is round, not flat, and view the discovery of Roundworld as a vindication of their faith. To leave this artifact in the hands of the wizards would be unacceptable. Not only do the academics hold that Discworld is flat, but by creating the Roundworld universe, they have elevated themselves to the level of gods. Ankh-Morpork's venerable tyrant Lord Vetinari agrees to a tribunal, where the wizards Ridcully, Rincewind, and Ponder

Stibbons can present their case—with key assistance from a Roundworld librarian named Marjorie Daw. JUDGMENT DAY weaves together explorations of such Earthly topics as big science, creation, subatomic particles, the existence of dark matter, and the psychology of belief—a treat for Discworld fans and readers of popular science alike.

Though born into privilege and inheriting a fortune, Willie Donaldson ended up dying alone in a seedy rented flat, his computer still logged on to a lesbian porn site. To some, he had been one of the great, under-

rated comic writers of our time, and to others, a dangerous force of corruption and decadence. His achievements were significant - he published Sylvia Plath while still at Cambridge, as a producer in the Sixties he staged *Beyond the Fringe*, and he was later to write the celebrated *Henry Root Letters* - but not as impressive as his reckless talent for self-destruction. The impresario became a serial bankrupt. The man about town, who had lived with Sarah Miles and been engaged to Carly Simon, ended up as a ponce in a Chelsea brothel. Success as a writer quickly led him into a dark underworld of crack addiction,

fraud and sexual obsession. Now friend and collaborator, Terence Blacker unravels the intimate truth of Willie Donaldson's strange story in all its glamour, hilarity and pain. 'What a young fool I was. But how I adored him' Carly Simon 'A slimy crook' Private Eye 'For the skill and wit of his writing he deserves to be hailed as the English Nabokov' Auberon Waugh 'I am someone who always answers the phone at 1.00 am, because I know it isn't going to be my bank manager or the Inland Revenue, but probably a crack dealer or a prostitute' Willie Donaldson

Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is

guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

STUCK IN A corporate job rut and faced with an unraveling marriage at the age of thirty-six, Roz Savage sat down one night and wrote two versions of her own obituary -- the one

that she wanted and the one she was heading for. They were very different. She realized that if she carried on as she was, she wasn't going to end up with the life she wanted. So she turned her back on an eleven-year career as a management consultant to reinvent herself as a woman of adventure. She invested her life's savings in an ocean rowboat and became the first solo woman ever to enter the Atlantic Rowing Race. Her 3,000-mile trial by sea became the challenge of a lifetime. Of the twenty-six crews that set out from La Gomera, six capsized or sank and didn't make it to the finish line in Antigua. There were

times when she thought she had hit her absolute limit, but alone in the middle of the ocean, she had no choice but to find the strength to carry on. In Rowing the Atlantic we are brought on board when Savage's dreams of feasts are nourished by yet another freeze-dried meal. When her gloves wear through to her blistered hands. When her headlamp is the only light on a pitch-black night ocean that extends indefinitely in all directions. When, one by one, all four of her oars break. When her satellite communication fails. Stroke by stroke, Savage discovers there is so much more to life than a fancy sports car and a

power-suit job. Flashing back to key moments from her life before rowing, she describes the bolt from the blue that first inspired her to row across oceans and how this crazy idea evolved from a dream into a tendinitis-inducing reality. And finally, Savage discovers in the rough waters of the Atlantic the kind of happiness we all hope to find.

conflicts. Fergus Frew thought he knew what to expect when he signed up with the Navy's demolitions team. But as the Korean War rages on, Fergus and his fellow divers -- AKA "frogmen" -- are tasked with more than just scouting mudflats. Soon they're planting mines. And sabotaging tunnels, bridges... and even fishing nets. Strangest of all, it falls to Fergus to transport a spy into the country -- and that means traveling far from Navy-controlled waters. But frogmen are amphibious. And Fergus may not realize it, but he's in a position to change the way the whole world thinks about combat. National Book Award

Now a New York Times bestseller! From the author of *Truths I Never Told You*, *Before I Let You Go*, and the *The Warsaw Orphan*, Kelly Rimmer's powerful WWII novel follows a woman's urgent search for answers to a family mystery that uncovers truths about herself that she never expected. "Kelly Rimmer has

outdone herself. I thought that Before I Let You Go was one of the best novels I had ever read...If you only have time to read one book this year The Things We Cannot Say should be that book. Keep tissues handy.”—Fresh Fiction “Fans of The Nightingale and Lilac Girls will adore The Things We Cannot Say.” —Pam Jenoff, New York Times bestselling author In 1942, Europe remains in the relentless grip of war. Just beyond the tents of the Russian refugee camp she calls home, a young woman speaks her wedding vows. It’s a decision that will alter her destiny...and it’s a lie that will remain buried until the next century. Since she was

nine years old, Alina Dziak knew she would marry her best friend, Tomasz. Now fifteen and engaged, Alina is unconcerned by reports of Nazi soldiers at the Polish border, believing her neighbors that they pose no real threat, and dreams instead of the day Tomasz returns from college in Warsaw so they can be married. But little by little, injustice by brutal injustice, the Nazi occupation takes hold, and Alina's tiny rural village, its families, are divided by fear and hate. Then, as the fabric of their lives is slowly picked apart, Tomasz disappears. Where Alina used to measure time between

visits from her beloved, now she measures the spaces between hope and despair, waiting for word from Tomasz and avoiding the attentions of the soldiers who patrol her parents' farm. But for now, even deafening silence is preferable to grief. Slipping between Nazi-occupied Poland and the frenetic pace of modern life, Kelly Rimmer creates an emotional and finely wrought narrative. *The Things We Cannot Say* is an unshakable reminder of the devastation when truth is silenced...and how it can take a lifetime to find our voice before we learn to trust it.
