And Other Trials From My Queer Life Life is full of surprises, and nobody is better at capturing the ups and downs of queer life better than Michael Thomas Ford, author of the popular 'My Queer Life' syndicated column. This original collection takes on everything from show tunes and Martha Stewart to the perils of dating and the son of God himself.

At the behest of his estranged friend Jack, history professor Ned Brummel arrives in Chicago to visit Andy, a friend who is terminally ill, and reflects upon the past events that have shaped his world and relationships with these two very different men. Reprint.

When district attorney James McCloud discovers that his missing police officer father has turned up dead, the victim of murder, he returns home where he is reunited with family members and the old tensions that come with them, along with secrets powerful enough to threaten another life and destroy any bonds that remain. Reprint.

In this hilarious follow-up to 'Alec Baldwin Doesn't Love Me', Michael Ford takes the reader further inside his queer life from the social faux pas of sending a man flowers, to owning a CD possessed by the religious right, to the perils of using lavender-scented soap as a lubricant. A wild and wide-ranging collection of essays that are often poignant and always funny - a true look at living a queer life.

Ford's My Queer Life books have racked up four Lambda Literary Award nominations, with two consecutive wins, and appeared on numerous best-seller lists. Now the best of Ford's writing has been collected along with seven new, brilliantly funny essays to create the essential My Queer Life compendium.

The author of 'Alec Baldwin Doesn't Love Me' and 'That's Mr Faggot to You' returns with more skewed observations on the strange state of queer union. Cranky, bemused and extremely funny, as fans of his previous collections have happily discovered, little escapes Ford's attention, and no topic is too sacred to be tackled. A wonderfully funny collection that is enough to send any politically correct gay leader shrieking into the streets.

A handbook containing information of interest to gay men who want to know what paganism and Wicca are, how these traditions speak specifically to them and how to go about beginning to explore pagan spirituality as a rewarding spiritual path. The Path of the Green Man is composed of two parts, arranged in alternating chapters. The first part is a basic primer on paganism and Wicca, on spiritual practice and beginning to play with the tools of spirituality. The second part puts all of this information to use in a practical guide to living the pagan year.

In this hilarious follow-up to the bestselling "Alec Baldwin Doesn't Love Me, " Ford offers more wicked observations on queer life in America.

Political satire as deeper truth: Donald Trump's presidential memoir, as recorded by two world-renowned Trump scholars, and experts on greatness generally "I have the best words, beautiful words, as everybody has been talking and talking about for a long time. Also? The best sentences and, what do you call them, paragraphs. My previous books were great and sold extremely, unbelievably well--even the ones by dishonest, disgusting so-called journalists. But those writers didn't understand Trump, because quite frankly they were major losers. People say if you want it done right you have to do it yourself, even when 'it' is a 'memoir.' So every word of this book was written by me, using a special advanced word processing system during the many, many nights I've been forced to stay alone in the White House--only me, just me, trust me, nobody helped. And it's all 100% true, so true--people are already saying it may be the truest book ever published. Enjoy." Until Donald Trump publishes the ultimate account of his entire four or eight or one-and-a-half years in the White House, the definitive chronicle will be You Can't Spell America Without Me: The Really Tremendous Inside Story of My Fantastic First Year As President. Trump was elected because he was the most frank presidential candidate in history, a man eager to tell the unvarnished truth about others' flaws and tout his own amazing excellence. Now he levels his refreshingly compulsive, un-PC candor at his landslide election victory as well as his role as commander-in-chief and leader of the free world. There are intimate, powerful, mind-boggling revelations on every page. You are there with him during his private encounters with world leaders, a few of whom he does not insult. You are there at the genius Oval Office strategy sessions with his advisers. You are there in his White House bedroom as he crafts the pre-dawn Twitter pronouncements that rock the world. And, of course, you are there on the golf course as Trump attempts to manage the burdens of his office. President Trump explains each of the historic decisions that have already made America great again, and how he always triumphs over the fake news media. You'll learn what he really thinks of his cabinet members and top aides not related to him, of the First Lady and the First Daughter and the additional three or four Trump children. Included at no extra charge is a lavish and exclusive portfolio of spectacular, historic and intimate color photographs of President Trump in private - inside the White House, inside Mar-a-Lago, at Trump Tower, and more. You Can't Spell America Without Me is presented by America's foremost Trump scholar Kurt Andersen as well as America's foremost mediocre Trump impersonator, Alec Baldwin. You Can't Spell America Without Me is the perfect holiday gift!
