****THE INSTANT #1 NEW YORK TIMES BESTSELLER**** "An unforgettable—and Hollywood-bound—new thriller... A mix of Hitchcockian suspense, Agatha Christie plotting, and Greek tragedy." —Entertainment Weekly The Silent Patient is a shocking psychological thriller of a woman's act of violence against her husband—and of the therapist obsessed with uncovering her motive. Alicia Berenson's life is seemingly perfect. A famous painter married to an in-demand fashion photographer, she lives in a grand house with big windows overlooking a park in one of London's most desirable areas. One evening her husband Gabriel returns home late from a fashion shoot, and Alicia shoots him five times in the face, and then never speaks another word. Alicia's refusal to talk, or give any kind of explanation, turns a domestic tragedy into something far grander, a mystery that captures the public imagination and casts Alicia into notoriety. The price of her art skyrocketes, and she, the silent patient, is hidden away from the tabloids and spotlight at the Grove, a secure forensic unit in North London. Theo Faber is a criminal psychotherapist who has waited a long time for the opportunity to work with Alicia. His determination to get her to talk and unravel the mystery of why she shot her husband takes him down a twisting path into his own motivations—a search for the truth that threatens to consume him....

The twisty psychological thriller from the Sunday Times bestselling author of After Anna and Seven Days

Upon winning the prestigious 2013 Crime Writers Association International Dagger Award, the judges praised Alex by saying, "An original and absorbing ability to leash incredulity in the name of the fictional contract between author and reader... A police procedural, a thriller against time, a race between hunted and hunter, and a whydunnit, written from multiple points of view that explore several apparently parallel stories which finally meet." Alex Prevost--kidnapped, savagely beaten, suspended from the ceiling of an abandoned warehouse in a tiny wooden cage--is running out of time. Her abductor appears to want only to watch her die. Will hunger, thirst, or the rats get her first? Apart from a shaky eyewitness report of the abduction, Police Commandant Camille Verhoeven has nothing to go on: no suspect, no leads, and no family or friends anxious to find a missing loved one. The diminutive and brilliant detective knows from bitter experience the urgency of finding the missing woman as quickly as possible--but first he must understand more about her. As he uncovers the details of the young woman's singular history, Camille is forced to acknowledge that the person he seeks is no ordinary victim. She is beautiful, yes, but also extremely tough and resourceful. Before long, saving Alex's life will be the least of Commandant Verhoeven's considerable challenges. A 2013 Financial Times Book of the Year Shortlisted for the 2014 RUSA Reading List Horror Award From the Hardcover edition.

****THE INSTANT NEW YORK TIMES BESTSELLER**** "Alex Michaelides's long-awaited next novel, 'The Maidens,' is finally here...the premise is enticing and the elements irresistible." —The New York Times "A deliciously dark, elegant, utterly compulsive read—with a twist that blew my mind. I loved this even more than I loved The Silent Patient and that's saying something!" —Lucy Foley, New York Times bestselling author of The Guest List From the #1 New York Times bestselling author of The Silent Patient comes a spellbinding tale of psychological suspense, weaving together Greek mythology, murder, and obsession, that further cements " Michaelides as a major player in the field " (Publishers Weekly). Edward Fosca is a murderer. Of this Mariana is certain. But Fosca is untouchable. A handsome and charismatic Greek tragedy professor at Cambridge University, Fosca is adored by staff and students alike—particularly by the members of a secret society of female students known as The Maidens. Mariana Andros is a brilliant but troubled group therapist who becomes fixated on The Maidens when one member, a friend of Mariana's niece Zoe, is found murdered in Cambridge. Mariana, who was once herself a student at the university, quickly suspects that behind the idyllic beauty of the spires and turrets, and beneath the ancient traditions, lies something sinister. And she becomes convinced that, despite his alibi, Edward Fosca is guilty of the murder. But why would the professor target one of his students? And why does he keep returning to the rites of Persephone, the maiden, and her journey to the underworld? When another body is found, Mariana's obsession with proving Fosca's guilt spirals out of control, threatening to destroy her credibility as well as her closest relationships. But Mariana is determined to stop this killer, even if it costs her everything—including her own life.

But even Alex is stymied when more slayings occur in the same ghoulish fashion—with no apparent connection among the victims.
