## Application Development with Qt Creator [Book]

The first few chapters on setting up Qt Creator and using Qt Designer were invaluable and, while I was already familiar with concepts covered in the later chapters (multithreading, graphics, etc), they've served as a good guide to how these things are done in Qt.

---

Amazon.com: Application Development with Qt Creator ...

Qt is a powerful development framework that serves as a complete toolset for building cross-platform applications, helping you reduce development time and improve productivity. Completely revised and updated to cover C++17 and the latest developments in Qt 5.12, this comprehensive guide is the third edition of Application Development with Qt Creator.
