Find the vampire's next victim. Or be the vampire's next victim. Lenore has such a good time hanging out with Paul that she almost forgets he isn't her friend. He's a vampire. And she's his next victim--unless she's willing to find an alternative. But when Lenore gets cold feet during her first hunting expedition, Paul doesn't carry out his threat. He snags Sam for dinner instead, a young man they encounter on the ride home. And while Paul is receptive to Lenore's pleas to keep their new prisoner alive, his motives aren't entirely altruistic. Sure, Lenore's willing to die for Sam. The real question is, how long before she's willing to kill for him?

After Richard lures Lenore into his home, she learns he is a vampire who likes to keep a live-in food supply and allows his friend to play with his victims.

In her latest thriller, New York Times bestselling author Tami Hoag takes readers on a suspense-filled ride of shocks and twists leading to an explosive finish. It is the story of an ex-cop, a missing girl, and a killer locked in a race where there can be only one winner--and the losers die trying. In a trailer in a Florida swamp, time is running out for eighteen year-old Erin Seabright. A pawn in a kidnapper's terrifying game for a ransom no one can pay, her last hope is a washed-up ex-cop who has already lost it all--not once, but twice. The wealthy world of the Palm Beach horse set seems a long way from a cop's world in the narcotics division. A lifetime ago, undercover sheriff's detective Elena Estes worked the mean streets and BackTop alleys, living by her wits and playing the long odds until she took one risk too many. Now Estes lives on the ragged edge of lost hope and self-hatred, hiding from the past and believing she doesn't deserve to have a future. But the past is about to come back with a vengeance, and the future is about to become a race

between life and death. A young woman is missing and her twelve year-old stepsister comes to Estes for help. No one but serious, studious Molly Seabright seems concerned about what's happened to her troubled older sister. But Molly is convinced Erin is in danger. Estes has no P.I. license, no interest in a new career, and no desire to break her self-imposed exile. But the more she learns about the people Erin Seabright was involved with, the more her long-dormant cop instincts come back to life. One trip to the show grounds where Erin worked as a groom, and Estes is quickly pulled to the dark side of a glamorous sport. Behind the glittering, ultra-rich facade is an ultra-ruthless world of drugs, payoffs, and dirty deals. A world of dissolute playboys and crooked horse-dealers, of royalty and rabble, of rivals and enemies. An obscenely wealthy world where anything can be had for a price--including a life. And in that world stalks a killer who will lead Estes down a dark, twisted trail of decadence and deceit, mayhem and murder--from the gilded life of Palm Beach to the darkest corners of the Florida swamps, to a final show-down that could cost her everything. A race against time and evil. A race in which Estes is the dark horse--and no one is betting on her to win.

New York Times bestselling author Cora Carmack's young adult debut: *Roar*. In a land ruled and shaped by violent magical storms, power lies with those who control them. Aurora Pavan comes from one of the oldest Stormling families in existence. Long ago, the ungifted pledged fealty and service to her family in exchange for safe haven, and a kingdom was carved out from the wildlands and sustained by magic capable of repelling the world's deadliest foes. As the sole heir of Pavan, Aurora's been groomed to be the perfect queen. She's intelligent and brave and honorable. But she's yet to show any trace of the magic she'll need to protect her people. To keep her secret and save her crown, Aurora's mother arranges for her to marry a dark and brooding Stormling prince from another kingdom. At first, the prince seems like the perfect solution to all

her problems. He'll guarantee her spot as the next queen and be the champion her people need to remain safe. But the more secrets Aurora uncovers about him, the more a future with him frightens her. When she dons a disguise and sneaks out of the palace one night to spy on him, she stumbles upon a black market dealing in the very thing she lacks—storm magic. And the people selling it? They're not Stormlings. They're storm hunters. Legend says that her ancestors first gained their magic by facing a storm and stealing part of its essence. And when a handsome young storm hunter reveals he was born without magic, but possesses it now, Aurora realizes there's a third option for her future besides ruin or marriage. She might not have magic now, but she can steal it if she's brave enough. Challenge a tempest. Survive it. And you become its master.

IN A LAND WHERE MAGIC IS BANNED and where cruel high priests rule, Elena steals the most valuable jewel in the empire in the hopes to sell it and start a new life. But she is caught, and the punishment for stealing is death. And yet in that moment she is given a choice—death or to become one of the High priests' champions in The Great Race. Elena is catapulted without warning into the bloodiest race in all the realms, forced to compete with a man she hates while she develops a growing passion for another. She struggles to understand her special skills, her mysterious healing powers that she must keep secret. Within a world built on a religious sect and dangerous secrets, she becomes a woman torn between obligation and desire, between a man she supposedly hates and another. As Elena comes to terms with her own secret, she discovers the truth behind the race and must stop the ancient, wicked evil that threatens all living things before it's too late. From the award winning author of *MARKED* comes a new mesmerizing series full of action, adventure, and steamy romance.

friendship and death; a story of a deliverance from evil; and, ultimately, a story of our struggle to learn where to love and whom.

Nalini Singh returns to the world of the Guild Hunters for the most highly anticipated novel of the beloved series—a love story so epic it's been half a millennia in the making—Illium and Aodhan. Aodhan and Illium. For centuries they've been inseparable: the best of friends, closer than brothers, companions of the heart. But that was before—before darkness befell Aodhan and shattered him, body, mind, and soul. Now, at long last, Aodhan is healing, but his new-found strength and independence may come at a devastating cost—his relationship with Illium. As they serve side by side in China, a territory yet marked by the evil of its former archangel, the secret it holds nightmarish beyond imagining, things come to an explosive decision point. Illium and Aodhan must either walk away from the relationship that has defined them—or step forward into a future that promises a bond infinitely precious in the life of an immortal—but that demands a terrifying vulnerability from two badly bruised hearts.
