From the strange symbols on a one-dollar bill to the secret signs of the Knights Templar and Freemasons, invisible societies, and the world of magic and alchemy, The Book of Secrets is a comprehensive introduction to the world of secret and esoteric knowledge throughout history. It offers a doorway into the initiated secret traditions of the fascinating unseen spiritual world: its symbols, secret societies, and seers. You ' ll discover: Key Concepts: the Great Work, the Universal Force, Polarity, the Four Elements, Magick and Mysticism, Esoteric Anatomy, Qabalah, Alchemy, Astrology, the Astral Plane, and more. Symbolism: More than 100 secrets symbols, words, objects, including their meanings and the secret powers they invoke. Secret Societies and Holy Orders: The gatekeepers and the transmitters of sacred knowledge: Freemasons, O.T.O., Cathars, Templars, Assassins. Pineda places them all in history and geography and explains who they are/were and what they stood for. Luminaries and Seers: More than 200 legends and historical personages: Hermes Trismegistus, Jesus, Siddhartha, Osiris, and other seers from the Middle Ages, the Renaissance, the 19th and 20th centuries.

A profound understanding of the surrealists ' connections with alchemists and secret societies and the hermetic aspirations revealed in their works • Explains how surrealist paintings and poems employed mythology, gnostic principles, tarot, voodoo, alchemy, and other hermetic sciences to seek out unexplored regions of the mind and recover lost " psychic " and magical powers • Provides many examples of esoteric influence in surrealism, such as how Picasso ' s Demoiselles d ' Avignon was originally titled The Bath of the Philosophers Not merely an artistic or literary movement as many believe, the surrealists rejected the labels of artist and author bestowed upon them by outsiders, accepting instead the titles of magician, alchemist, or--in the case of Leonora Carrington and Remedios Varo--witch. Their paintings, poems, and other works were created to seek out unexplored regions of the mind and recover lost " psychic " and magical powers. They used creative expression as the vehicle to attain what André Breton called the " supreme point. " the point at which all opposites cease to be perceived as contradictions. This supreme point is found at the heart of all esoteric doctrines, including the Great Work of alchemy, and enables communication with higher states of being. Drawing on an extensive range of writings by the surrealists and those in their circle of influence, Patrick Lepetit shows how the surrealists employed mythology, gnostic principles, tarot, voodoo, and alchemy not simply as reference points but as significant elements of their ongoing investigations into the fundamental nature of consciousness. He provides many specific examples of esoteric influence among the surrealists, such as how Picasso ' s famous Demoiselles d ' Avignon was originally titled The Bath of the Philosophers, how painter Victor Brauner drew from his father ' s spiritualist vocation as well as the Kabbalah and tarot, and how doctor and surrealist author Pierre Mabille was a Freemason focused on finding initiatory paths where " it is possible to feel a new system connecting man with the universe. " Lepetit casts new light on the connection between key figures of the movement and the circle of adepts gathered around Fulcanelli. He also explores the relationship between surrealists and Freemasonry, Martinists, and the Elect Cohen as well as the Grail mythos and the Arthurian brotherhood.

From Egyptian mythology to Jewish mysticism, Rome and Greece to the druids and the gnostics, Tim Wallace-Murphy exposes a fascinating lineage of hidden mysteries and secret societies, continuing through the Templars, Rosicrucians, and Freemasons to our modern visionaries. This hidden stream of spirituality and that of sacred knowledge are inseparably entwined to form the single most important continuous strand in the entire Western esoteric tradition. This tradition exerted a seminal influence on the thinking of the builders of the great cathedrals; leading teachers in ecclesiastical schools; philosophers; playwrights; poets such as Shakespeare, Goethe, Blake, and W. B. Yeats; and on artists and Renaissance giants such as Leonardo da Vinci and Michelangelo. It is also the root from which sprang alchemy and modern science. Now, as more people are looking to find information on the alternatives to dominant religions and dogmas that have told us what to think and how to behave, as faith has been questioned by religious scandals, economic meltdowns, and an increasingly sick planet Earth, Wallace-Murphy reveals the secrets of the masters, including invaluable spiritual insights into everyday life that have been hidden throughout the ages. He shows us who kept this spiritual tradition alive despite appalling persecution, so that we in the twenty-first century might benefit from its accumulated fruits and ennoble our lives. Hidden Wisdom will be of immense interest to readers of the number one bestseller The Lost Symbol as it explains much of Dan Brown's focus on the ancient mysteries.

A KEY TO THE MYSTERIES No other book in history has done more to clarify the Esoteric, mystical, and occult traditions of the world than Manly P. Hall ' s The Secret Teachings of All Ages. Now, historian Mitch Horowitz provides the first companion work to Hall ' s opus. The Secret Teachings of All Ages helps twenty-first-century readers enter and experience (or re-experience) Hall ' s hallowed pages and also clarifies and expands on some of the book ' s key themes and topics. Mitch explores developments and historical discoveries since hall published his " Great Book " nearly a century ago and adds fresh dimensions to subjects including: • The antiquity and legacy of Ancient Egypt. • The mystical origins of the world ' s major faiths. • Strange beasts and anomalies in history and today. • The origins and esotericism of Tarot. • Secret Societies in Myth and Fact. • The enduring relevance of astrology. Authorized by Manly P. Hall ' s Philosophical Research Society, The Secret Teachings of All Ages is a feast of esoteric exploration on its own and a worthy companion to history ' s unparalleled encyclopedia arcana. " Mitchis a fantastic tour guide to the fringes of reason, high weirdness, deep esoterica, secret societies, and mystery religions. " --BoingBoing " Has the rare gift of making the esoteric accessible to discerning masses. " --HuffPost

In 1924, Paul Foster Case expanded his First Year Course by developing two advanced lecture series which he entitled Section uConcentration and Section D: Magic. The lectures built upon the material in the First Year Course(which had become known at this time as Section A:The Life Power and Section B: The Seven Steps to Spiritual Unfoldment). The Fraternity of the Hidden Light has recently published both of these lecture series as Occult Fundamentals and Spiritual Unfoldment - Volume 1: The Early Writings. This current volume provides the two additional lecture series that complete the original fundamental course structure of Paul Case. Section C, Concentration, expounds the esoteric secrets of Meditation. This section is a very advanced series of lessons that not only develops the essential skill of concentration but commences the student upon thePath of Return with a series of powerful Qabalistic Meditations. These Meditations have a tendency to facilitate deep spiritual experience in those who are prepared and chose to participate. This lesson series indeed represents some of the most advanced material written by Paul Case. Section D, Magic, provides the esoteric secrets of Magic in a very rare exposition of the fundamental tenets of magical practice by one of the greatest occultists of the 20th century. Here again is material published by Paul Case that cannot be found in any of his later developed lesson series and provides insight into the tools of the trade practiced by Golden Dawn enthusiasts today.

The occult has been shrouded in mystery and convoluted terminology. The Book of Confessions removes that shroud and demystifies this sphere of human existence. It is the birthright of whoever desires to know this dimension of life to have access. Of course, the practises in this book, while they do lead to a heightened state of consciousness, should not be used to harm others. These formerly obscured secrets, revealed in the Book of Confessions in layman ' s terms, could be what you need to spice up your life or synergise your spiritual study. This book is a concise introduction to occultism and esotericism, which skips the fear-mongering and idle dismissal. Offering a new perspective on the practical applications such knowledge may have in the improvement of your life. You will find in the book: - Hermetic Principles that underpin all the complicated New Age explanations of the law of attraction. - Astro-mental meditation practises to awaken one of the deepest dimensions of your being. - Magical Perceptions that will change the way you see the world. - Experiments to help you get started such as: - Tulpa creation. - Astral projection. - Lucid dreaming. - Tools to assist the novice practitioner. - Energy body systems (Ten Sefirot, Chakras, Astro-mental energy centers...). - Modes of the Mind that are most conducive to energy work. - Meditations to develop dormant powers. - A detailed introduction to the Brahmacharya system that will enhance your practice. - A short discourse on the " Power of Belief " and the relation of science and spirituality. - A link to a free book that will unify the essence of many spiritual practises. .... and much more priceless knowledge, this is just the tip of the iceberg. © Iikiké Press, 2020

A very long time ago Odin unlocked the secrets of the Runes. In two parts, Secrets of Asgard discusses their theoretical and a practical aspects. Part one focusses centres on the meaning of the individual runes and the myths, explaining the Aettir alongside Northern mythology. It describes each of the gods as well as the Nine Worlds etc. The second part centres on the application of the system, namely magic and divinatio and includes rituals and exercises. A thesis of practical rune magic is developed which is based on the Havamal 144 stanza. The analysis concludes that the Runes were traditionally regarded as actual spirits. The stanza explains how to make your own set as well as other talismanic objects. The practice of galdr-singing is discussed in more depth to complement the Havamal 144 techniques. Then, a discourse is given on the most common Ancient Germanic magical formulae. They complement the practical work on talismanic objects. A separate chapter is given on divinatory practices.Useful information on dreamwork is added and numerous other exercises used to make contact with the subconscious mind through auto-suggestion, and many other usef:ful ritual techniques and practices.

Mitch provides a compelling and illuminating twelve-chapter guidebook to Hall's encyclopedia arcana

AMAZING WORKS FROM THE COLLECTION OF WILLIAM ALEXANDER ORIBELLO REVISED AND UPDATED FORBIDDEN KNOWLEDGE NOW REVEALED -- PROSPERITY FOR ALL GUARANTEED! INCLUDES SEVEN GREAT MONEY SECRETS! Here are the amazing revelations of William Alexander Oribello revised and updated to conform to the difficult times we find ourselves confronted with.
