*Business and Society: Ethics, Sustainability, and ...*

If you look at it from one point of view business is competitive and the concept of a competitive business environment may not be at all fours with the ethical framework, but business ethics is defined and studied in a separate way from ethics. Business ethics is the study of important issues such as proper corporate governance, insider trading, bribery, discrimination and recruitment and hiring practices and the policies and procedures developed by a company to

Ethics, Business and Society  
Managing Responsibly.  
Ethics, Business and Society. This compilation analyzes the differences between the concepts of 'social responsibility' and 'business ethics', which are often erroneously interpreted to be the same. It explains that social responsibility is a characteristic but just one of the many aspects of the much wider concept of business ethics.

*Business & Society: SAGE Journals*

The term 'Business Ethics' refers to the system of moral principles and rules of the conduct applied to business. Business being a social organ shall not be conducted in a way detrimental to the interests of the society and the business sector itself. Every profession or group frames certain do's and do not's for its members.
