Hiassen asserts in TEAM RODENT that there is a lot going on with the Walt Disney Company that most people don't know about and would be shocked to learn. TEAM RODENT offers a few examples of the evil that lurks withing the mighty Mouse House and suggests that if the opportunity arises to stand against the Goliath Rodent, people should.

While it is certainly not beyond criticism (and more than deserving in some respects), Hiaasen's Team Rodent reads like a 75 page diatribe against Disney with no jus From its film, music and television wing to its parks, resorts and cruiseslines and its reach in numerous other industries, it has certainly grown a great deal from even the level its founder may have envisioned before his untimely death in 1966.

In "Team Rodent", Carl Hiaasen provided me with the much-needed jolt to get over the quasi-hypnosis caused by a bunch of cuddly cartoon characters. Disney is nothing more than a corporate conglomerate that is wreaking far-reaching havoc on the environment under the guise of good family fun.

In addition to the novels, Hiaasen has written several nonfiction books. The first, Team Rodent, is a wry but unsparing rant against the Disney empire and its grip on American culture. In 2008 came The Downhill Lie, which chronicles Hiaasen's ill-advised return to the sport of golf after a "much-needed" 32-year hiatus.

"Disney is so good at being good that it manifests an evil; so uniformly efficient and courteous, so dependably clean and conscientious, so unflinchingly entertaining that it's unreal, and therefore is an agent of pure wickedness. . . . Disney isn't in the business of exploiting Nature so much as striving to improve upon it, constantly fine-tuning God's work." --from TEAM RODENT TEAM RODENT How Disney Devours America "Revulsion is good. Revulsion is healthy. Each of us has limits, unarticulated boundaries of taste and tolerance, and sometimes we forget where they are. Peep Land is here to remind us; a fixed compass point by which we can govern our private behavior. Because being grossed out is essential to the human experience; without a perceived depravity, we'd have nothing against which to gauge the advance or decline of culture; our art, our music, our cinema, our books. Without sleaze, the yardstick shrinks at both ends. Team Rodent doesn't believe in sleaze, however, nor in old-fashioned revulsion. Square in the middle is where it wants us all to be, dependable consumers with predictable attitudes. The message, never stated but avuncularly implied, is that America's values ought to reflect those of the Walt Disney Company, and not the other way around." BONUS: This edition includes an excerpt from Carl Hiaasen's Bad Monkey.

The "Miami Herald" columnist shares his best comic work, covering everything from sports and tourism to corruption in local politics, the Elian Gonzalez affair, and the 2000 presidential election recount.

Recounts the author's return to golf after quitting the game in college, describing how he purchased a set of clubs, practiced for eighteen long months, and agreed to compete in a tournament against much more talented players.

Meet twenty-two-year-old Cherry Pye (née Cheryl Bunterman), a pop star since she was fourteen--and about to attempt a comeback from her latest drug-and-alcohol disaster. Now meet Cherry again: in the person of her "undercover stunt double," Ann DeLusia. Ann portrays Cherry whenever the singer is too "indisposed"--meaning wasted--to go out in public. And it is Ann--mistaken-for-Cherry who is kidnapped from a South Beach hotel by obsessed paparazzo Bang Abbott. Now the challenge for Cherry's handlers (über-stage mother; horndog record producer; nipped, tucked, and Botoxed twin publicists; weed whacker-wielding bodyguard) is to rescue Ann while keeping her existence a secret from Cherry's public--and from Cherry herself. The situation is more complicated than they know. Ann has had a bewitching encounter with Skink--the unhinged former governor of Florida living wild in a mangrove swamp--and now he's heading for Miami to find her . . . Will Bang Abbott achieve his fantasy of a lucrative private photo session with Cherry Pye? Will Cherry sober up in time to lip-synch her way through her concert tour? Will Skink track down Ann DeLusia before Cherry's motley posse does? All will be revealed in this hilarious spin on life in the celebrity fast lane. BONUS: This edition includes an excerpt from Carl Hiaasen's Bad Monkey.

Carl Hiaasen takes us deep in the Everglades with an eccentric eco-avenger, a ticked-off panther, and two kids on a mission to find their missing teacher. Florida--where the animals are wild and the people are wilder! Bunny Starch, the most feared biology teacher ever, is missing. She disappeared after a school field trip to Black Vine Swamp. And, to be honest, the kids in her class are relieved. But when the principal tries to tell the students that Mrs. Starch has been called away on a "family emergency," Nick and Marta just don't buy it. No, they figure the class delinquent, Smoke, has something to do with her disappearance. And he does! But not in the way they think. There's a lot more going on in Black Vine Swamp than any one player in this twisted tale can see. It's all about to hit the fan, and when it does, the bad guys better scat. "Ingenious . . . Scat won't disappoint Hiaasenphiles of any age." --The New York Times "Woohoo! It's time for another trip to Florida--screwy, gorgeous Florida, with its swamps and scammers and strange creatures (two- and four-legged). Our guide, of course, is Carl Hiaasen." --DenverPost.com

From the New York Times bestselling author comes a novel in which dedicated, if somewhat demented, environmentalists battle sleazy real estate developers in the Florida Keys. "Rips, zips, hurtles, keeping us turning the pages at breakfinger pace." --New York Times Book Review When the precious clue-tongued mango voles at the Amazing Kingdom of Thrills on North Key Largo are stolen by heartless, ruthless thugs, Joe Winder wants to uncover why, and find the voles. Joe is lately a PR man for the Amazing Kingdom theme park, but now that the voles are gone, Winder is dragged along in their wake through a series of weird and lethal events that begin with the sleazy real-estate agent/villain Francis X. Kingsbury and can end only one way....

Once a hotshot investigative reporter, middle-aged Jack Tagger now bangs out obituaries for a South Florida daily. When Jimmy Stoma, the infamous front man of Jimmy and the Slut Puppies, dies in a diving "accident, " Jack uses clues from the singer's own music to unravel the mystery and resurrect his career in the process.

Take a trip to exotic South Florida with this dark, funny book that established Carl Hiaasen as one of the top mystery writers in the game. The first sign of trouble is a Shriner's fez washed up on a Miami beach. The next is a suitcase containing the almost-legless body of the local chamber of commerce president found floating in a canal... The locals are desperate to keep the murders under wraps and the tourist money flowing. But it will take a reporter-turned-private eye to make sense of a caper that mixes football players, politicians, and one very hungry crocodile in this classic mystery that GQ called "one of the top ten destination reads of all time."

Roy, who is new to his small Florida community, befriends a mysterious boy who introduces him to potty-trained alligators, burrowing owls, and sparkly-tailed poisonous snakes. A Newbery Honor Book, ALA Notable Book, & ALA Best Book for Young Adults. Reissue.

This is Oh, the Places You'll Never Go--the ultimate hilarious, cynical, but absolutely realistic view of a college graduate's future. And what he or she can or can't do about it. "This commencement address will never be given, because graduation speakers are supposed to offer encouragement and inspiration. That's not what you need. You need a warning." So begins Carl Hiaasen's attempt to prepare young men and women for their future. And who better to warn them about their precarious paths forward than Carl Hiaasen? The answer, after reading Assume the Worst, is: Nobody. And who better to illustrate--and with those illustrations, expand upon and cement Hiaasen's cynical point of view--than Roz Chast, best-selling author/illustrator and National Book Award winner? The answer again is easy: Nobody. Following the format of Anna Quindlen's commencement address (Being Perfect) and George Saunders's commencement address (Congratulations, by the way), the collaboration of Hiaasen and Chast might look typical from the outside, but inside it is anything but. This book is bound to be a classic, sold year after year come graduation time. Although it's also a good gift for anyone starting a job, getting married, or recently released from prison. Because it is not just funny. It is, in its own Hiaasen way, extremely wise and even hopeful. Well, it might not be full of hope, but there are certainly enough slivers of the stuff in there to more than keep us all going.
