~~The Call of the Wild is a vibrant story of Buck, a big and kindhearted dog, a crossbreed between a St. Bernard and a Scotch Collie, whose carefree life of leisure was suddenly upset when he was stolen from his home in Santa Clara County, California and deported up north, to be sold in Skagway, Alaska, and taken further north, to Dawson City, Yukon, during the late 1890s Klondike Gold Rush, when strong sled dogs were in high demand.~~

~~Jack London (1876 - 1916) was an American novelist, journalist and social activist. Pioneering the genre of magazine fiction and prototyping science fi ction, he became one of the fi rst writers, who gained worldwide fame and a large fortune. "The Call of the Wild" is a short adventure novel set in Yukon, Canada during the Klondike Gold Rush. The story starts when someone steals the main character, a dog Buck of a ranch in Santa Clara Valley, California, from his home and sells him into service as a sled dog in Alaska.~~

~~For generations, readers have enjoyed classic literature. They have delighted in the romance of Jane Austen, thrilled at the adventures of Jules Verne, and pondered the lessons of Aesop. Introduce young readers to these familiar volumes with Great Illustrated Classics. In this series, literary masterworks have been adapted for young scholars. Large, easy-to-read type and charming pen-and-ink drawings enhance the text. Students are sure to enjoy becoming acquainted with traditional literature through these well-loved classics.~~

~~Krakauer’s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." –New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.~~

The Call of The Wild

The Call of the Wild follows the life of a dog named Buck. He becomes progressively feral in the harsh Alaskan wilderness, where he is forced to fight to survive and dominate other dogs. By the end, he sheds the veneer of civilization, and relies on primordial instinct and learned experience to emerge as a leader in the wild.

HarperCollins is proud to present its new range of best-loved, essential classics.
