Childhood In World History Themes

Taking a global look at what the category of childhood has meant from agricultural societies to the present day, *Childhood in World History* offers a vital overview of this topical field. Through comparative analysis, Peter Stearns facilitates a cross-cultural and transnational understanding of attitudes towards the role of children in society, and how "models" of childhood have developed throughout history.

Childhood in World History (Themes in World History ...

Colin Heywood's rich account of childhood from the early Middle Ages to the First World War provides a concise and readable synthesis of the extensive literature on childhood. He gives a long-run historical perspective on the key dimensions to childhood, including ideas on the nature of the child, relationships with parents, interactions with others of a similar age, and children's health, working life and education.

Childhood in world history (Book, 2011) [WorldCat.org]

This book is a comprehensive, thematic survey of the history of education throughout the world, from ancient times to the present day. Education in World History analyzes patterns of religious and cultural influence in classical societies, as well as the ways in which conquest, trade and cross-cultural contacts helped to shape educational change in post-classical societies.
