"The Tiger Mom's Tale is a heartfelt, delightful read. Lyn Liao Butler's story of Taiwanese and American identity had me turning pages and laughing (and drooling over the delicious descriptions of food)."—Charles Yu, author of Interior Chinatown, winner of the 2020 National Book Award Named one of best summer reads by Parade and PopSugar! When an American woman inherits the wealth of her Taiwanese family, she travels to confront them about their betrayals of the past in this stunning debut by Lyn Liao Butler. Lexa Thomas has never quite fit in. Having grown up in a family of blondes while more closely resembling Constance Wu, she's neither white enough nor Asian enough. Visiting her father in Taiwan as a child, Lexa thought she'd finally found a place where she belonged. But that was years ago, and even there, some never truly considered her to be a part of the family. When her estranged father dies unexpectedly, leaving the fate of his Taiwanese family in Lexa's hands, she is faced with the choice to return to Taiwan and claim her place in her heritage . . . or leave her Taiwanese family to lose their home for good. Armed with the advice of two half-sisters (one American and the other Taiwanese, who can't stand each other), a mother who has reevaluated her sexuality, a man whose kisses make her walk into walls, and her self-deprecating humor, Lexa finds the courage to leave the comfort of New York City to finally confront the person who drove her away all those decades ago. With fond memories of eating through food markets in Taiwan and forming a bond with a sister she never knew she had, Lexa unravels the truth of that last fateful summer and realizes she must stand up for herself and open her heart to forgiveness, or allow the repercussions of her family's choices to forever dictate the path of her life

The bestselling author of Battle Hymn of the Tiger Mother, Yale Law School Professor Amy Chua offers a bold new prescription for reversing our foreign policy failures and overcoming our destructive political tribalism at home Humans are tribal. We need to belong to groups. In many parts of the world, the group identities that matter most – the ones that people will kill and die for – are ethnic, religious, sectarian, or clan-based. But because America tends to see the world in terms of nation-states engaged in great ideological battles – Capitalism vs. Communism, Democracy vs. Authoritarianism, the “Free World” vs. the “Axis of Evil” – we are often spectacularly blind to the power of tribal politics. Time and again this blindness has undermined American foreign policy. In the Vietnam War, viewing the conflict through Cold War blinders, we never saw that most of Vietnam’s “capitalists” were members of the hated Chinese minority. Every pro-free-market move we made helped turn the Vietnamese people against us. In Iraq, we were stunningly dismissive of the hatred between that country’s Sunnis and Shias. If we want to get our foreign policy right – so as to not be perpetually caught off guard and fighting unwinnable wars – the United States has to come to grips with political tribalism abroad. Just as Washington’s foreign policy establishment has been blind to the power of tribal politics outside the country, so too have American political elites been oblivious to the group identities that matter most to ordinary Americans – and that are tearing the United States apart. As the stunning rise of Donald Trump laid bare, identity politics have seized both the American left and right in an especially dangerous, racially inflected way. In America today, every group feels threatened: whites and blacks, Latinos and Asians, men and women, liberals and conservatives, and so on. There is a pervasive sense of collective persecution and discrimination. On the left, this has given rise to increasingly radical and exclusionary rhetoric of privilege and cultural appropriation. On the right, it has fueled a disturbing rise in xenophobia and white nationalism. In characteristically persuasive style, Amy Chua argues that America must rediscover a national identity that transcends our political tribes. Enough false slogans of unity, which are just another form of divisiveness. It is time for a more difficult unity that acknowledges the reality of group differences and fights the deep inequities that divide us.
