Text Authenticity If we consider a text to be a spoken or written representation of a language in use we will see that most coursebooks (and digital materials)

Authenticity in Materials Development for Language Learning

For the sake of clarity here, however, the focus will be on two major aspects, namely text and task authenticity. In language-teaching contexts, the notion of 'authenticity' was mainly applied at first to texts (spoken or written), characterizing a quality of the language used in them ('authentic Scottish accent', 'authentic representation of the language', and so on) or the provenance of the texts themselves ('authentic' texts having not been originally designed for learners ...
