Dr Johnson's London is the result of the author's passionate interest
in the practical details of the everyday life of our ancestors: the
streets, houses and gardens; cooking, housework, laundry and
shopping; clothes and cosmetics; medicine, sex, hobbies, education
and etiquette. The book spans the years 1740 to 1770, starting when
the gin craze was gaining ground and ending when the east coast of
America was still British.
