Haruki Murakami Indonesia | apimdev.astralweb.com

As I work my way through the works of Haruki Murakami, this 2004 short novel, running to around 200 pages, has (thus far, at least) provided the most 'perfectly formed' blend of surreal elements, affecting characterisations and resolved narrative. Charting one night (indicated by chapter headings with a time-advancing clock) in the intertwining lives of various big city dwellers, the author ...

Dance Dance Dance eBook: Murakami, Haruki: Amazon.co.uk ...

While training for the New York City Marathon, Haruki Murakami decided to keep a journal of his progress. The result is a memoir about his intertwined obsessions with running and writing, full of vivid recollections and insights, including the eureka moment when he decided to become a writer. By turns funny and sobering, playful and philosophical, here is a rich and revelatory work that ...

Kafka on the Shore displays one of the world's great storytellers at the peak of his powers. Here we meet a teenage boy, Kafka Tamura, who is on the run, and Nakata, an aging simpleton who is drawn to Kafka for reasons that he cannot fathom. As their paths converge, acclaimed author Haruki Murakami enfolds readers in a world where cats talk, fish fall from the sky, and spirits slip out of their bodies to make love or commit murder, in what is a truly remarkable journey.

The long-awaited magnum opus from Haruki Murakami, in which this revered and bestselling author gives us his hypnotically addictive, mind-bending ode to George Orwell's 1984. The year is 1984. Aomame is riding in a taxi on the expressway, in a hurry to carry out an assignment. Her work is not the kind that can be discussed in public. When they get tied up in traffic, the taxi driver suggests a bizarre 'proposal' to her. Having no other choice she agrees, but as a result of her actions she starts to feel as though she is gradually becoming detached from the real world. She has been on a top secret mission, and her next job leads her to encounter the superhuman founder of a religious cult. Meanwhile, Tengo is leading a nondescript life but wishes to become a writer. He inadvertently becomes involved in a strange disturbance that develops over a literary prize. While Aomame and Tengo impact on each other in various ways, at times by accident and at times intentionally, they come closer and closer to meeting. Eventually the two of them notice that they are indispensable to each other. Is it possible for them to ever meet in the real world?

Stunning and elegiac, Norwegian Wood first propelled Haruki Murakami into the forefront of the literary scene. Toru, a serious young college student in Tokyo, is devoted to Naoko, a beautiful and introspective young woman, but their mutual

passion is marked by the tragic death of their best friend years before. As Naoko retreats further into her own world, Toru finds himself drawn to a fiercely independent and sexually liberated young woman. A magnificent coming-of-age story steeped in nostalgia, *Norwegian Wood* blends the music, the mood, and the ethos that were the sixties with a young man's hopeless and heroic first love.

From the best-selling author of *The Wind-Up Bird Chronicle* and *After Dark*, a rich and revelatory memoir about writing and running, and the integral impact both have made on his life. In 1982, having sold his jazz bar to devote himself to writing, Haruki Murakami began running to keep fit. A year later, he'd completed a solo course from Athens to Marathon, and now, after dozens of such races, not to mention triathlons and a slew of critically acclaimed books, he reflects upon the influence the sport has had on his life and—even more important—on his writing. Equal parts training log, travelogue, and reminiscence, this revealing memoir covers his four-month preparation for the 2005 New York City Marathon and includes settings ranging from Tokyo's Jingu Gaien gardens, where he once shared the course with an Olympian, to the Charles River in Boston among young women who outpace him. Through this marvellous lens of sport emerges a cornucopia of memories and insights: the eureka moment when he decided to become a writer, his greatest triumphs and disappointments, his passion for vintage LPs, and the experience, after the age of fifty, of seeing his race times improve and then fall back. By turns funny and sobering, playful and philosophical, *What I Talk About When I Talk About Running* is both for fans of this masterful yet guardedly private writer and for the exploding population of athletes who find similar satisfaction in distance running.

In this hyperkinetic and relentlessly inventive novel, Japan's most popular (and controversial) fiction writer hurtles into the consciousness of the West. *Hard-Boiled Wonderland and the End of the World* draws readers into a narrative particle accelerator in which a split-brained data processor, a deranged scientist, his shockingly undemure granddaughter, Lauren Bacall, Bob Dylan, and various thugs, librarians, and subterranean monsters collide to dazzling effect. What emerges is simultaneously cooler than zero and unaffectedly affecting, a hilariously funny and deeply serious meditation on the nature and uses of the mind. From the Trade Paperback edition.

Dance Dance Dance—a follow-up to *A Wild Sheep Chase*—is a tense, poignant, and often hilarious ride through Murakami's Japan, a place where everything that is not up for sale is up for grabs. As Murakami's nameless protagonist searches for a mysteriously vanished girlfriend, he is plunged into a wind tunnel of sexual violence and metaphysical dread. In this propulsive novel, featuring a shabby but oracular Sheep Man, one of the most idiosyncratically brilliant writers at work today fuses together science fiction, the hardboiled thriller, and white-hot satire.

"Haruki Murakami's *Men Without Women* examines what happens to characters without important women in their lives; it'll move you and confuse you and sometimes leave you with more questions than answers." —Barack Obama
Across seven tales, Haruki Murakami brings his powers of observation to bear on the lives of men who, in their own ways, find themselves alone. Here are lovesick doctors, students, ex-boyfriends, actors, bartenders, and even Kafka's Gregor Samsa,

brought together to tell stories that speak to us all. In *Men Without Women* Murakami has crafted another contemporary classic, marked by the same wry humor and pathos that have defined his entire body of work.

Set at the time of the catastrophic 1995 Kobe earthquake, the mesmerizing stories in *After the Quake* are as haunting as dreams and as potent as oracles. An electronics salesman who has been deserted by his wife agrees to deliver an enigmatic package— and is rewarded with a glimpse of his true nature. A man who views himself as the son of God pursues a stranger who may be his human father. A mild-mannered collection agent receives a visit from a giant talking frog who enlists his help in saving Tokyo from destruction. The six stories in this collection come from the deep and mysterious place where the human meets the inhuman—and are further proof that Murakami is one of the most visionary writers at work today.

The Wind-Up Bird Chronicle is a tour de force—and one of Haruki Murakami's most acclaimed and beloved novels. In a Tokyo suburb, a young man named Toru Okada searches for his wife's missing cat—and then for his wife as well—in a netherworld beneath the city's placid surface. As these searches intersect, he encounters a bizarre group of allies and antagonists. Gripping, prophetic, and suffused with comedy and menace, this is an astonishingly imaginative detective story, an account of a disintegrating marriage, and an excavation of the buried secrets from Japan's forgotten campaign in Manchuria during World War II.

An instant #1 New York Times Bestseller One of the most revered voices in literature today gives us a story of love, friendship, and heartbreak for the ages. *Colorless Tsukuru Tazaki and His Years of Pilgrimage* is the remarkable story of a young man haunted by a great loss; of dreams and nightmares that have unintended consequences for the world around us; and of a journey into the past that is necessary to mend the present. A New York Times and Washington Post notable book, and one of the Financial Times, St. Louis Post-Dispatch, Slate, Mother Jones, The Daily Beast, and BookPage's best books of the year
