The 2004 and 2007 enlargements of the European Union were unprecedented in a number of economic and policy aspects. This essay provides a broad and in-depth account of the effects of the post-enlargement migration flows on the receiving as well as sending countries in three broader areas: labour markets, welfare systems, and

Migration in an enlarged EU: solution or problem for ...

Eu enlargement and immigration from the eu8 to the United Kingdom. Boeri and Brucker (2005) distinguish four different types of transitional regimes that were implemented in the EU with respect to migration from the new entrants in 2004. Seven member states adopted a restrictive immigration regime which effectively blocked access to their labour markets for at least two years following enlargement, with the possibility of extending these arrangements for another five years.

EU Labour Migration since Enlargement : Bela Galgoczi ...

The UK migrant share rose by roughly 30% (from 9% to 12%). The immigration wave to Norway after the EU eastern enlargement constitutes one of the largest immigration shocks of the 21st century worldwide. In a recent paper (Bratsberg et al. 2019), we ask what the impact is of such a large immigration-induced labour-supply shock on occupational wages, labour costs, and the industry mix of the economy.
