Finance And The Good Society

"Finance and the Good Society is a provocative call for understanding, then reinventing finance as a force that could create inclusive prosperity. Shiller acknowledges the excesses, inequalities, and unfortunate incentives to sleaziness in the current financial system but says it doesn't have to be that way.

Finance And The Good Society [EBOOK]

Finance is a “functional” science that
exists to support other goals – those of
society. And the better aligned a society’s
financial institutions are with its goals and
ideals, the stronger and more successful

the society will be. To create that kind of alignment, we must begin to think about finance differently.

Finance and The Good Society | Project Invested

If finance succeeds for all of us, it helps to build a good society. The better we understand this point, the better we will grasp the need for ongoing financial innovation." In the book, Shiller argues that rethinking finance and its role in society requires defining finance more broadly, as not merely stocks and bonds and mathematical equations, but as the stewardship of society's assets.
