Mamluk Cairo, a Crossroads for Embassies gathers twenty-eight essays that offer the most up-to-date insight into the diplomacy and diplomatics of the Mamluk sultanate with Muslim and non-Muslim powers.

This book gathers the latest experience of experts, research teams and leading organizations involved in computer-aided design of user interfaces of interactive applications. This area investigates how it is desirable and possible to support, to facilitate and to speed up the development life cycle of any interactive system. In particular, it stresses how the design activity could be better understood for different types of advanced interactive systems.

A compilation of 108 spiritual destinations around North America-- medicine wheels, rock art, modern pilgrimage routes, prehistoric earthen pyramids, ancient stone structures, monasteries, shrines, temples, and more.

In Spatial Practices: Territory, Border and Infrastructure in Africa research findings from a truly inter-disciplinary research project on new spatial practices in Africa and their ordering effects on social relations are introduced.

This book describes geriatrics practice models that are used to guide the care of older adults, allowing seniors to remain at home, prevent functional disability and preserve quality of life. The models include specific interventions which are performed by health care workers to address the needs of older persons and their caregivers. These models respect patient values, consider patient safety and appreciate psychosocial needs as well. Divided into six parts that discuss hospital-based models of care, transitions from hospital to home, outpatient-based models of care and emergency department models of care, this text addresses the needs of vulnerable patients and the community. Geriatric Models of Care is an excellent resource for health care leaders who must translate these programs to address the needs of the patients in their communities.

East meets West in this award-winning book of Chinese style by superstar fashion designer Vivienne Tam--and now it's in a cute, smaller trim size trade paperback! Celebrated fashion designer Vivienne Tam shares the rare individuality of her own cross-cultural style, combining traditional eastern elements with a modern Western edge. The seductive East-meets-West style is brought alive as Tam takes us on a personal journey featuring the people, places, and things that inspire her. From the sexy cheongsam (the ultimate feminine dress) to the Mao jacket (gives power dressing a whole new meaning), from the elaborate Chinese opera houses to Zen gardens, she teaches such us how to savour the world in a bowl of noodles and the essence of Chinese design in her favourite Ming chair. China Chic is style that is hot, hip, and pervasive to today's--and tomorrow's--pop culture.

The aftermath of recent Kenyan elections has been marred by violence and an apparent crisis in democratic governance, with the negotiated settlement resulting from the 2007 election bringing into sharp

focus longstanding problems of state and society. The broader reform process has involved electoral, judicial and security-sector reforms, among others, which in turn revolve around constitutional reforms. Written by a gathering of eminent specialists, this highly original volume interrogates the roots and impact of the 2010 constitution. It explains why reforms were blocked in the past but were successful this time around, and explores the scope for their implementation in the face of continued resistance by powerful groups. In doing so, the book demonstrates that the Kenyan experience carries significance well past its borders, speaking to debates surrounding social justice and national cohesion across the African continent and beyond.
