"Poignant . . . Powerful . . . Beautifully captures the threshold experience of the new immigrant, where the past is not yet a memory." —The New York Times Book Review Acclaimed writer Julia Alvarez’s beloved first novel gives voice to four sisters as they grow up in two cultures. The García sisters—Carla, Sandra, Yolanda, and Sofia—and their family must flee their home in the Dominican Republic after their father’s role in an attempt to overthrow brutal dictator Rafael Trujillo is discovered. They arrive in New York City in 1960 to a life far removed from their existence in the Caribbean. In the wondrous but not always welcoming U.S.A., their parents try to hold on to their old ways as the girls try find new lives: by straightening their hair and wearing American fashions, and by forgetting their Spanish. For them, it is at once liberating and excruciating to be caught between the old world and the new. Here they tell their stories about being at home—and not at home—in America. Julia Alvarez’s new novel, *Afterlife*, is available now.

Eagerly embracing the American culture in Miami, the four Garcia women iron their hair, date American men, and forget their Spanish, all in their journey toward adulthood.

Forced to flee their native Caribbean island after an attempted coup, the Garcías--Carlos, Laura, and their four daughters--must learn a new way of life in the Bronx, while trying to cling to the old ways that they loved.

Yolanda Garcia is taking a trip to the Dominican Republic to revisit the country where she was born, and which her family was forced to flee for New York when she was a child. As they try to immerse themselves in the American way of life, Yolande and her three sisters will always see things through Dominican eyes.

A Study Guide for Julia Alvarez's "How the Garcia Girls Lost Their Accents," excerpted from Gale's acclaimed Novels for Students.This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust Novels for Students for all of your research needs.

The center of many lives, thrice-married writer Yolanda Garcia celebrates her fame while entangling others in her web in a story that is told from the viewpoints of the confused people whose lives she touches.

A Time Magazine Must-Read Book of 2020 A Most-Anticipated Book of the Year: O, The Oprah Magazine * The New York Times * The Washington Post *Vogue * Bustle * BuzzFeed * Ms. magazine * The Millions * Huffington Post * PopSugar * The Lily * Goodreads * Library Journal * LiHub * Electric Literature The first adult novel in almost fifteen years by the internationally bestselling author of *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* “A stunning work of art that reminds readers Alvarez is, and always has been, in a class of her own.” —Elizabeth Acevedo, National Book Award-winning author of the New York Times bestseller *The Poet X* Antonia Vega, the immigrant writer at the center of *Afterlife*, has had the rug pulled out from under her. She has just retired from the college where she taught English when her beloved husband, Sam, suddenly dies. And then more jolts: her bighearted but unstable sister disappears, and Antonia returns home one evening to find a pregnant, undocumented teenager on her doorstep. Antonia has always sought direction in the literature she loves—lines from her favorite authors play in her head like a soundtrack—but now she finds that the world demands more of her than words. *Afterlife* is a compact, nimble, and sharply droll novel. Set in this political moment of tribalism and distrust, it asks: What do we owe those in crisis in our families, including—maybe especially—members of our human family? How do we live in a broken world without losing faith in one another or ourselves? And how do we stay true to those glorious souls we have lost?

Anita de la Torre never questioned her freedom living in the Dominican Republic. But by her 12th birthday in 1960, most of her relatives have emigrated to the United States, her Tío Toni has disappeared without a trace, and the government’s secret police terrorize her remaining family because of their suspected opposition of el Trujillo’s dictatorship. Using the strength and courage of her family, Anita must overcome her fears and fly to freedom, leaving all that she once knew behind. From renowned author Julia Alvarez comes an unforgettable story about adolescence, perseverance, and one girl’s struggle to be free.

"How the García Girls Lost Their Accents" is considered as Julia Alvarez’s most notable work. The story describes the protagonist’s life in the Dominican Republic, in the United States, and what difficulties the members of the family had to face when they lived initially in the United States as immigrants.This book was first published in 1991. The writing style is notable particularly because the story is narrated from the reverse chronological order. There are shifting perspectives in the narration of the story.
