Writing at Masters level means being able to explain more complex ideas at a greater length and depth. This doesn't mean sounding 'more academic' and using more complicated sentences to impress your readers. It does mean being able to communicate more developed ideas in a clear way, and one of the best methods of ensuring this is by getting the basics of good academic writing right; good planning, structuring, and meticulous referencing will all help sustain your writing over a longer word ...

Add the abbreviated initials for your master's degree to the end of your name. Separate your name from the degree using a comma. For example, if you have a master's of social work, you would add it to your name like this:

*How to Sign Your Name with a Master's Degree | Career Trend*

The correct way to spell master's degree is with the apostrophe. The s in master's indicates a possessive (the degree of a master), not a plural. If you're speaking of a specific degree, you should capitalize master and avoid creating a possessive: Master of Science. The same rules apply to a bachelor's degree.
