mechanics of solids with advanced overtones from the first edition, the second edition of Engineering Mechanics of Solids has been significantly revised.

~~Engineering Mechanics of Solids by Egor P. Popov~~

Very classic text in Mechanics of Materials and my favorite edition is the second edition of Mechanics of Materials, 1976 (My all time favorite mechanics book). I own all Popove's mechanics books (And some 30 books in mechanics of solids) and they are really top notch level in their field.
