- Introduction Overview. In this
first lecture, Professor Paul Fry
explores the course 's title in three
parts. The relationship between
theory and philosophy, the
question of what literature is and
does, and what constitutes an
introduction are interrogated.

Theory is a set of ideas based on a framework to explain a phenomenon, or more simply put its how and why I think something happens. There are theories of everything, but for this introduction we are talking about political, economic and social theory as well as philosophical ideas. These types of theory are pretty self explanatory, political theory concerns itself with politics and political ideas, economics concerns itself with economic
