With its practical advice and helpful tools, Rigor Is NOT a Four-Letter Word will set you and your students on the fast track to higher learning and sustained success.

"A sprightly and clear-eyed testimonial to the value of globalization" (The Wall Street Journal) as seen through six surprising everyday goods—the taco salad, the Honda Odyssey, the banana, the iPhone, the college degree, and the blockbuster HBO series Game of Thrones, Trade allows us to sell what we produce at home and purchase what we don't. It lowers prices and gives us greater variety and innovation. Yet understanding our place in the global trade network is rarely simple. Trade has become an easy excuse for struggling economies, a scapegoat for our failures to adapt to a changing world, and—for many Americans on both the right and the left—nothing short of a four-letter word. But as Fred P. Hochberg reminds us, trade is easier to understand than we commonly think. In Trade Is Not a Four-Letter Word, you'll learn how NAFTA became a populist punching bag on both sides of the aisle. You'll learn how Americans can avoid the grim specter of the \$10 banana. And you'll finally discover the truth about whether or not, as President Trump has famously tweeted, "trade wars are good and easy to win." (Spoiler alert—they aren't.) Hochberg debunks common trade myths by pulling back the curtain on six everyday products, each with a surprising story to tell: the taco salad, the Honda Odyssey, the banana, the iPhone, the college degree, and the smash hit HBO series Game of Thrones. Behind these six examples are stories that help explain not only how trade has shaped our lives so far but also how we can use trade to build a better future for our own families, for America, and for the world. Trade Is Not a Four-Letter Word is the antidote to today's acronym-laden trade jargon pitched to voters with simple promises that rarely play out so one-dimensionally. Packed with colorful examples and highly digestible explanations, Trade Is Not a Four-Letter Word is "an accessible, necessary book that will increase our understanding of trade and economic policies and the ways in which they impact our daily lives" (Library Journal, starred review).

New York Times bestselling author and six-time WWE champion Chris Jericho shares 20 of his most valuable lessons for achieving your goals and living the life you want. Chris Jericho has known what he wanted out of life since he was a teenager: to be a pro wrestler and to be in a rock 'n' roll band. Most of his high school friends felt that he lacked the tools necessary to get into either, but Chris believed in himself. With the wise words of Master Yoda echoing through his head ("Do or do not. There is no try."), he made it happen. As a result, Chris has spent a lifetime doing instead of merely trying, managing to achieve his dreams while learning dozens of invaluable lessons along the way. No Is a Four-Letter Word distills more than two decades of showbiz wisdom and advice into twenty easy-to-carry chapters, including: Developing a strong work ethic thanks to WWE chairman Vince McMahon; Remembering to always look like a star from Gene Simmons of KISS; Learning to let it go when the America's Funniest Home Videos hosting gig goes to his rival; Adopting a sense of perpetual reinvention from the late David Bowie; Making sure to sell himself like his NHL-legend father Ted Irvine taught him; and Going the extra mile to meet Keith Richards (with an assist from Jimmy Fallon). Now, in the hopes that those same principles might help and inspire his legions of fans, Chris has decided to share them while recounting the fantastic and hilarious stories that led to the birth of these rules. The result is a fun, entertaining, practical, and inspiring book from the man with many scarves but only one drive: to be the best. After reading No Is a Four-Letter Word, you'll discover that you might have what it takes to succeed as well...you just need to get out there and do it. That's what Jericho would do.

Learn how to increase rigor so that all students can reach higher levels of learning! With this new edition of a teacher-tested best seller, you get practical ideas for increasing text complexity, providing scaffolding during reading instruction, creating open-ended projects, and much more. The enhanced second edition provides important connections to the Common Core State Standards, plus new sections on problem-based learning, implementation of high standards, and working with special-needs students.

It's great to be self-sufficient, isn't it? Not if it's costing you your sanity. Okay, so you're responsible, hard working, and independent. But you're also stressed out, overwhelmed, and reluctant to ask anyone for help. Why should you? You're perfectly capable of juggling work, family, and other obligations all by yourself, thank you very much. But ask yourself-and be honest: Are you constantly trying to "do it all," all by yourself? Do you avoid delegating work because you don't trust others to "do it right"? Are you afraid you'll look weak if you ask someone for help? If you answered yes to any of these questions, you could be suffering from Self-Sufficiency Syndrome--and you might be heading for major burnout. The good news is: Help Is Not a Four-Letter Word. This groundbreaking new book by professional speaker Peggy Collins will show you how to recognize the signs, ease the demands you put on yourself, and start enjoying your work, your family, and your life. Help Is Not a Four-Letter Word helps you: Identify the signs and symptoms of Self-Sufficiency Syndrome Break the cycle of extreme self-sufficiency Ask for help when you really need it Learn who and who not to ask for help Balance your personal and professional life

Instant Wall Street Journal bestseller! From the first female real estate broker on Million Dollar Listing LA, a no-nonsense guide to analyzing big egos, deflecting power plays, and taking control of any room. Behind Tracy Tutor's on-screen persona is an uncanny knack for projecting confidence in the most intimidating of circumstances. The breezy, tough-talking, utterly inimitable businesswoman has rivaled her male co-stars to land increasingly high-profile deals in the world of LA real estate. Now, Tracy is leveraging her years of experience to write the go-to manual for any woman struggling to convince people she's in charge. If you get thrown off course by narcissistic personalities or freaked out by high-stakes situations, don't assume you're weak. When fear is running the show, you get wrapped up in your head and start missing important cues. Yes, the people you're dealing with seem scary, but they're more predictable than you think. Once you understand them, it's easy to push the right levers of influence to get what you want. Through candid, hilarious stories of her rise through a world of misogyny and cutthroat business dealings (text message screen shots from creeps included!), Tracy offers a crash course in the psychology of power dynamics and social signaling. You'll learn: [] What five things you should always find out about someone before you meet them [] How to choose the perfect outfit for an important meeting, even when dressing on a budget [] When and how to use humor strategically to lighten the mood and command authority This book is a must-read for any ambitious woman who wants to win her next business confrontation before she even walks into the room.

A provocative argument that the best way to deliver high-quality healthcare to Americans is to institute a comprehensive and fair system of rationing.

Argues that to achieve success the focus of marketers should be on positioning and that branding is a product of marketplace response.

Taxes connect us to one another, to the common good, and to the future. This is a book about taxes: who pays what and who gets what. More than that, it's about the role of government, about citizenship and our collective well-being, about the Canada we want. The contributors, leading Canadian practitioners and scholars, explore how taxes have become a political "no-go zone" and how changes in taxation are changing Canada. They challenge the view that any tax is a bad tax and provide broad directions for fairer and smarter approaches. This is a book that will be of interest to anyone concerned with public policy and public affairs, economics, and political science and to anyone interested in challenging the conventional wisdom that lower taxes and smaller government are the cures to what ails us.

Do you ever feel you're a fraud and about to be found out? Do you feel an expectation to keep going and to be strong? Do you ever think what it would be like to just... 'STOP'? You're not alone. Mental ill health impacts one in four people every year, and professionals in high-pressure jobs are especially vulnerable. Life is a Four-Letter Word is a mental health survival guide for professionals, from a high-flying Big 4 accountant who's struggled with depression, anxiety, stress and suicidal thoughts and learned a lot along the way. Andy now advocates positive action around mental health, working closely with business leaders across the UK to help them build mentally healthy cultures. He is a renowned speaker and writer on mental health, entrepreneurship and finance.
