This book is a practical handbook that takes the reader through accounting and financial techniques in an easy-to-follow, progressive way. In this new, easy-to-read format, recent and developed concepts are introduced in a non-specialist context, intended

Money-laundering has acquired a global character that not only threatens security, but also compromises the stability, transparency and

efficiency of financial systems. Money-laundering techniques are becoming more sophisticated and complex with each pass

Risk management has assumed paramount importance amongst banks in order to protect them against the adverse effects of uncertainty caused by fluctuations in interest rates, exchange rates, etc. The advent of new financial instruments in the Indian banking

This book on general bank management provides a systematic and comprehensive overview of modern management practices in banks with emphasis on international banking, human resources management, technology management and marketing management. It is an encyclopaedia of management practices from the point of view of practitioners of banking. The book is based on the rich experience of authors, who are well known in both the academic world and banking. Though the book is mainly oriented towards banking sector, it would also prove useful to students of management.
