Based on years of his personal experience, Musgrave explains how administer a condo in Mexico according to the Jalisco condo law. Sample forms and other documents are also available.

A guide to Mexico's civil law system helps foreigners learn the property buying process. A bonus section provides tips on how to choose a real estate agent plus practical matters such as utilities, fees, and insurance.

State law has regulated condos in Jalisco since 1995, and is binding on both the condo administration and all owners. This resource contains the complete text of the Jalisco condo law translated into English, presented in a unique side-by-side format, with both Spanish and English synchronized paragraph by paragraph.

State law has regulated condos in Jalisco since 1995, and is binding on both the condo administration and all owners. Would it surprise you to learn that many condos don't follow the Jalisco condo laws? This should concern you, because it exposes your condo to potential consequences down the road that could result in financial costs or decreased property values. MANY CONDOS: don't correctly collect condo fees; don't hold proper owners meetings; don't carry out proper votes at these meetings; or don't have a correct administrative structure. WHY DOES THIS PROBLEM EXIST? In most condos in Canada or the US, there's high compliance with provincial and state condo laws. The same does not occur in Mexico - especially amongst condos that are run by foreigners. The administration of these condos is often unaware of the details of the condo legislation - in some cases, the Board is unaware of the very existence of the law. If you're an owner, or if you're part of your condo's administration, you need to know what the law says, and what the proper procedures are. If you're considering buying a condo, you need the knowledge to find out if the condo is being run properly - before you buy into potential trouble. THE PROBLEM . . . The condo legislation is written in Spanish, and there's no high-quality translation designed for use by foreigner-run condo administrations. THE SOLUTION . . . This book contains the complete text of the Jalisco condo law translated into English. It's presented in a unique side-by-side format, with both Spanish and English paragraphs perfectly synchronised. You can always refer to the original Spanish at any time. As well as a high quality translation, there are in-line comments and notes to help clarify certain passages, issues, and legal terms. A few of the topics covered by the condo legislation, and contained in this translation: types of condominiums & how they're created; format of the condo by-laws; definition of common property; rights and duties of owners; repairs, maintenance, and improvement work; duties and authority of Administrator & Council (Board); types of owners meetings and their purpose; voting at each type of meeting - they differ significantly; fees: - their purpose and how they should be assessed - including a requirement for reserves; Late penalties for delinquent owners; disputes between owners; and debt collection & suing a delinquent owner. This book also contains translations of other legislation related to condo management and day-to-day operation: limitations on collecting debts, income tax & IVA, property auctions, injunctions, powers of attorney & proxies, legal signatures, obligations of neighbours, co-ownership, public registration of documents, legal entities, associations, and sanctions

This book aims to bring rental housing to the forefront of the housing agenda in countries around the world and to provide general guidance for policy makers on how to develop or redevelop a sound rental sector.

"Fascinating... a regular field manual... meticulously researched and very entertaining." --G. Gordon Liddy A thoroughly revised and updated edition of the essential guide to preserving your personal security From cyberspace to crawl spaces, new innovations in information gathering have left the private life of the average person open to scrutiny, and worse, exploitation. In this thoroughly updated third edition of his immensely popular guide How to Be Invisible, J.J. Luna shows you how to protect your home address, hide your ownership of vehicles and real estate, use pagers with dumbphones, switch to low-

profile banking and invisible money transfers, use alternate signatures, and how to secretly run a home-based business. J.J. Luna is an expert and highly trained security consultant with years of experience protecting himself, his family, and his clients. Using real life stories and his own consulting experience, J.J. Luna divulges legal methods to attain the privacy you crave and deserve, whether you want to shield yourself from casual scrutiny or take your life savings with you and disappear without a trace. Whatever your needs, Luna reveals the shocking secrets that private detectives and other seekers of personal information use to uncover information and then shows how to make a serious commitment to safeguarding yourself. There is a prevailing sense in our society that true privacy is a thing of the past. In a world where privacy concerns that only continue to grow in magnitude, *How to Be Invisible, Third Edition* is a critical antidote to the spread of new and more efficient ways of undermining our personal security. Privacy is a commonly-lamented casualty of the Information Age and of the world's changing climate--but that doesn't mean you have to stand for it. This new edition of J. J. Luna's classic manual contains step-by-step advice on building and maintaining your personal security, including brand new chapters on: - The dangers from Facebook, smartphones, and facial recognition - How to locate a nominee (or proxy) you can trust - The art of pretexting, aka social engineering - Moving to Baja California Sur; San Miguel de Allende, Guanajuato; Cuenca, Ecuador; or Spain's Canary Islands - The secrets of international privacy, and much more!

In its role as handbook, *Hispanics and United States Film* provides the best single source of information on Hispanic personalities in American film and on American films with a Hispanic focus produced from 1896 to the present time. Hundreds of films, actors, and other figures of the film industry are referenced. This informational component of the book, which provides titles, dates, and other filmographic information, is supplemented by a bibliography on the subject.

"*The Emergence of China: Opportunities and Challenges for Latin America and the Caribbean* provides a comprehensive overview of China's economic policy and performance over recent decades and contrasts them with the Latin American experience. What are the underlying factors behind China's competitive edge? What are the strategic implications of China's rise for growth and development in Latin America? These questions open new avenues for thinking about revitalizing development strategies in Latin America in the face of China's successful development and reduction of poverty. This insightful report is a must-read for analysts, policymakers, and development practitioners, not only in Latin America and the Caribbean, but wherever China's presence is being felt."--Jacket.

DWI defense is one of the most challenging and technical areas of criminal law. Authors Kimberly Tucker and Deandra Grant and their highly experienced collaborators share with you their most effective strategies. This edition brings you recent developments in Texas DWI law and new material on: Standardized Field Sobriety Tests - Chapter 5 NHTSA Manuals. Every DWI defense lawyer should obtain the 2013, 2015, and 2018 NHTSA Student and Instructor Manuals. Their contents are priceless for trial, particularly for cross-examination of the arresting officer. Chapter 5 has been extensively updated based on material from these manuals. Blood Test Cases - Chapter 7 Enzymatic Testing: New Case Studies with Hearing Transcript to Exclude Test Results. The defendants in these cases were involved in MVAs, one including a fatality. Their blood was drawn at the hospital after the site was cleaned with a swab containing isopropyl alcohol. Learn the strategies and evidence needed to challenge the results. Included is a transcript of a successful hearing to suppress the enzymatic test results. The transcript provides defense and prosecution examinations of the hospital lab tech, the hospital lab director, and the state's DPS analyst. The prosecution's arguments and the defense's winning counter-arguments are also included. Jury Selection - Chapter 7 Team Innocent Voir Dire. Team Innocent is a trial theme that focuses on the presumption of innocence and the State's burden of proof. It equates a jury to a "team" that starts off wearing the Team Innocent jersey. The key concepts that should be raised during voir dire are presented. Two sample voir dire transcripts illustrate use of the Team Innocent approach. Punishment Strategies - Chapter 10 Jury Punishment: Dallas attorney John Gioffredi once again updates his guidelines for electing to have the jury impose punishment. He explains the significant benefits of this technique in the right cases and how to convince your client to go for it. He covers what you need to accomplish during jury selection, how to deal with testimony from the probation officer, and deciding whether your client should testify. He also updates his client handout explaining the strategy and preparing the client to testify on the impact of his or her DWI arrest.

This work is a history of the Pacific, the ocean that became a theatre of power and conflict shaped by the politics of Europe and the economic background of Spanish America. There could only be a concept of the Pacific once the limits and lineaments of the ocean were set and this was undeniably the work of Europeans. Fifty years after the Conquista, Nueva Espa? and Peru were the bases from which the ocean was turned into virtually a Spanish lake.
