So I m looking at a Craftsman 18.5HP with a Briggs and Stratton INTEK engine and a Troy Built with a Kohler Command 16HP engine. I m leaning towards the Kohler because I ve heard it s a better engine. I also know the Kohler has a pressurized lubrication system and oil filter. I m not so sure about the Intek, but it s 2.5HP more (lol)!!!!

I recently picked up a John Deere L120 with a 20 horsepower Briggs & Stratton Intek (V twin). When I picked it up, the mower didn't run but would crank, I put in fresh fuel, new spark plugs, new oil and a new oil filter. The mower ran after that but very rough. I determined the carburetor was dirty and cleaned it.
