Iain Sinclair's classic early text, Lud Heat, explores mysterious cartographic connections between the six Hawksmoor churches in London. In a unique fusion of prose and poetry, Sinclair invokes the mythic realm of King Lud, who according to legend was one of the founders of London, as well as the notion of psychic 'heat' as an enigmatic energy contained in many of its places.

Lud Heat - Iain Sinclair - Complete Review
Lud Heat: a Journey down psychic links. Over-active pattern recognition, focused on the churches of Hawksmoor, Egyptology, the Ratcliffe Highway murders. A map of Sinclair's interests projected on to the East End, overlaid on a memoir of his time as a council gardener, a tourist among the working class. Feverish egotism and mythologising.
