The Lal Kitab, a rare book in urdu, was popular in north-west India, Pakistan, Iran and many other countries. This English version has added new dimensions to make it more lucid and easier to understand.

In Indic religious traditions, a number of rituals and myths exist in which the environment is revered. Despite this nature worship in India, its natural resoures are under heavy pressure with its growing economy and exploding population. This has led several scholars to raise questions about the role religious communities can play in environmentalism. Does nature worship inspire Hindus to act in an environmentally conscious way? This book explores the above questions with three communities, the Swadhyaya movement, the Bishnoi, and the Bhil communities. Presenting the texts of Bishnois, their environmental history, and their contemporary activism; investigating the Swadhyaya movement from an ecological perspective; and exploring the Bhil communities and their Sacred Groves, this book applies a non-Western hermeneutical model to interpret the religious traditions of Indic communities. With a foreword by Roger S Gottlieb.

A much-needed program to prevent and reverse disease, and discover a path to sustainable, long-term health from an acclaimed international doctor and star of the BBC program Doctor in the House. How to Make Disease Disappear is Dr. Rangan Chatterjee’ s revolutionary, yet simple guide to better health—a much-needed, accessible plan that will help you take back control of your health and your life. A physician dedicated to finding the root cause of ill health rather than simply suppressing symptoms with drugs, Dr. Chatterjee passionately advocates and follows a philosophy that lifestyle and nutrition are first-line medicine and the cornerstone of good health. Drawing on cutting edge research and his own experiences as a doctor, he argues that the secret to preventing disease and achieving wellness revolves around four critical pillars: food, relaxation, sleep, and movement. By making small, incremental changes in each of these key areas, you can create and maintain good health—and alleviate and prevent illness. At Dr. Chatterjee, reveals we can reverse and make disease disappear without a complete overhaul of our lifestyle. His dynamic, user-friendly approach is not about excelling at any one pillar. What matters is balance in every area of your life, which includes: Me-time every day An electronic-free Sabbath once a week Retraining your taste buds Daily micro-fasts Movement snacking A bedtime routine Practical and life-changing, How to Make Disease Disappear is an inspiring and easy-to-follow guide to better health and happiness.

Hindu Goddesses is a valuable sourcebook and reference work for students and scholars of Hindu goddesses and of Hinduism in general. Each goddess is dealt with as an independent deity with a coherent mythology, theology and, in some cases, cult of her own. Within the complex, diverse, and rich goddess traditions of Hinduism, one can find suggestions of nearly every important theme in the Hindu religion. In many ways, this book is as much a study of the Hindu tradition itself as it is a study of one aspect of that tradition. No other living religious tradition has displayed such an ancient, continuous, and diverse history of goddess worship.

Examining materials from early modern and contemporary North India and Pakistan, Tellings and Texts brings together seventeen first-rate papers on the relations between written and oral texts, their performancs, and the musical traditions these performances have entailed. The contributions from some of the best scholars in the field cover a wide range of literary genres and social and cultural contexts across the region. The texts and practices are contextualized in relation to the broader social and political background in which they emerged, showing how religious affiliations, caste dynamics and political concerns played a role in shaping social identities as well as aesthetic sensibilities. By doing so this book sheds light into theoretical issues of more general significance, such as textual versus oral norms, the features of oral performance and improvisation; the role of the text in performance; the aesthetics and social dimension of performance; the significance of space in performance history and important considerations on repertoires of story-telling. The book also contains links to audio files of some of the works discussed in the text. Tellings and Texts is essential reading for anyone with an interest in South Asian culture and, more generally, in the theory and practice of oral literature, performance and story-telling.

Read Along or Enhanced eBook: Many years ago, the proudest animal in the jungle was not the peacock. The proudest animal was the tiger. In this timeless folktale from Vietnam, we see how Tiger’s pride leads him to covet wisdom and, with the help of a wise farmer, earn his stripes.

Shri Mataji writes that “ India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it. ” This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. “ The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form. ”

This 32-page, full-colour booklet on Mahamrityunjaya will bring fresh hope and offer invaluable support to those who are sick and ailing. It contains the mantra for alleviation of illnesses; one that blesses you with a long, healthy life. Contains the specially energised Mahamrityunjaya yantra and a Picture Card for your altar. Assists you with an English trans-iteration and translation of the Maha-mrityunjaya mantra. Narrates legends of Markandeya and of places and shrines sacred to the saints. Makes an ideal corporate gift, or a loving gift for your near and dear ones. Free energised yantra and picture card.
