In Mixing with Impact: Learning to Make Musical Choices, Wesel Oltheten discusses the creative and technical concepts behind making a mix. Whether you ' re a dance producer in your home studio, a live mixer in a club, or an engineer in a big studio, the mindset is largely the same. The same goes for the questions you run into: where do you start? How do you deal with a context in which all the different parts affect each other? How do you avoid getting lost in technique? How do you direct your audience ' s attention? Why doesn ' t your mix sound as good as someone else ' s? How do you maintain your objectivity when you hear the same song a hundred times? How do your speakers affect your perception? What ' s the difference between one compressor and another? Following a clear structure, this book covers these and many other questions, bringing you closer and closer to answering the most important question of all: how do you tell a story with sound?

Can Anyone See in The Spirit? "Seeing in the Spirit Made Simple" provides clear, simple, biblical instruction that will help you see into the invisible world of the spirit. It is the second book in The Kingdom of God Made Simple series; a self-study course designed to train believers how to live out the fullness of the life offered to us as heirs of God's kingdom. The predominant view in the church today holds that seeing in the spirit is a rare gift given to only a few special people, or an anointing we must seek. With the same straightforward, down-to-earth style used in "Divine Healing Made Simple," the author holds this view up to the light of scripture, and suggests that it has no biblical basis. Rather than being a gift given by God to only a few people, seeing in the spirit is an innate ability we all possess, which lies undeveloped in most of us. Through prayer, training and exercise, this ability can be awakened and used by virtually anyone. The author provides Bible-based teaching along with dozens of testimonies and illustrations. There are also practical exercises at the end of the chapters to help develop your ability to see in the spirit. Praying Medic and his wife have only recently learned how to see in the spirit. Come along as they re-trace the path they've taken that has led them to see angels, demons and the heavenly realms. Whether you're a seasoned seer or a newbie, you'll learn from the experiences and insights they share. Not only will you develop better spiritual eyesight, but your relationship with God will grow too.
