It's widely known that men love to look at women with a whistle-bait figure and there's research that actually backs up this notion. According to the book "Social Psychology: Core Concepts and Emerging Trends" from author Daniel W. Barrett, men prefer women with a slim waist but wide hips because it's the perfect body shape for someone who can withstand the pains and complications of childbirth.

Romance can be learned Men may not stand around in locker rooms discussing the "lovely romantic gesture" their hot date made last night and guys don't generally discuss Rom Coms when they get together for a beer. But the fact that men, okay some men cherish their women, love them passionately and actually like them too shows that romance is genuinely part of who they are and how they feel. Many men are amazed how behaving more, just a bit more, romantically with

completely different than  
the traditional romance. For  
one thing, both characters  
are equals, each with his  
own power. "In fact, in many
