An auto mechanic in eastern Washington by day, Mercy Thompson, a shape-shifter with some highly unusual abilities, puts her talents to work maintaining the precarious balance between the human and paranormal worlds, in the sequel to Iron Kissed.

The first book in the popular Mercy Thompson series--wherein the main character must contend with a world of vampires, werewolves and gremlins--is now available in hardcover.

Mercy Thompson, car mechanic and shapeshifter, must face her greatest fears in this chilling entry in the #1 New York Times bestselling series. The vampire Wulfe is missing. Since he's deadly, possibly insane, and his current idea of "fun" is stalking me, some may see it as no great loss. But, warned that his disappearance might bring down the carefully constructed alliances that keep our pack safe, my mate and I must find Wulfe—and hope he's still alive. As alive as a vampire can be, anyway. But Wulfe isn't the only one who has disappeared. And now there are bodies, too. Has the Harvester returned to the Tri-Cities, reaping souls with his cursed sickle? Or is he just a character from a B horror movie and our enemy is someone else? The farther I follow Wulfe's trail, the more twisted—and darker—the path becomes. I need to figure out what's going on before the next body on the ground is mine.
