A network is two or more computers (or other electronic devices) that are connected together, usually by cables or Wi-Fi. Some computer networks will have a server .

What is a network? - Introduction to networks - KS3 ...

Networks can be wired or wireless with most networks being a mixture of both. Wired vs Wireless Networks. Early (pre 2008) networks were predominately wired. Today however most networks will use a mixture of wired and wireless network. Wired networks use Ethernet as the data link protocol. This is unlikely to change with the IOT, as IOT devices will be predominantly wireless.

Network+ Guide to Networks, 8th Edition - PDF Free Download

Early (pre 2008) home networks were predominately wired networks. Wired networks use Ethernet over UTP cable and tend to be faster than wireless networks, which is an important consideration if you are a gamer. The simple wired home network diagram below shows a minimum setup with a switch and broadband router.

How to Set Up a Home Network- Beginners Guide

Bingo networks offer chat space or chat rooms for the players. Renowned Bingo Networks. Here are some of the renowned bingo networks for every bingo lover: Dragonfish bingo network – the games played on this network are bingo all-stars, sailor bingo, love hearts bingo, etc. The network is part of the 888 holdings group.
