Practice Tests | SHL Direct

Numerical aptitude tests (also known as numerical ability tests) evaluate how well a person works with numbers. This may include interpreting graphs and tables or using math and algebra to solve calculations. Numerical reasoning tests are a specific type of numerical test that will assess your ability to use numbers in a logical and rational way.

Practice Numerical Reasoning Aptitude Tests

In a numerical reasoning test, you are required to answer questions using facts and figures presented in statistical tables. In each question you are usually given a number of options to choose from. Only one of the options is correct in each case. Test takers are usually permitted to use a rough sheet of paper and/or a calculator.
