Perspectives on Globalization, Social Justice and Welfare

There is also a third threat to social justice in globalization. Like displacement and reification, this one, too, is the result of an historical irony: globalization is decentering the national frame in ways that make it increasingly implausible to posit the national state as the sole container, arena, and regulator of social justice.

Book Description. This volume provides a comprehensive account of the connections between globalisation, environment and social justice. It examines varied dimensions of environmental sustainability; the adverse impact of globalisation on environment and its consequences for poverty, unemployment and displacement; the impacts on marginalised sections such as scheduled castes and tribes and women; and policy frameworks for ensuring environmental sustainability and social justice.

Globalization and Social Justice: Perspectives, Challenges ...

Globalization has not only affected all aspects of human life, but it has also influenced social institutions to a great extent. Globalization operates in an uneven and unequal manner. A small minority of the world's population holds maximum resources while a majority of the people struggle in poverty. The State, as an institution, guarantees social welfare and social justice to marginalized ...
