| part 4 Principles Of Microeconomics
11th Edition

Principles of Microeconomics (11th Edition) is wonderfully written and edited, it has lots of current events used as examples, and tons of illustrations. It's a little weak on the math (which is a plus to many people), so it can't really be used as a reference later on, but it covers a lot of material in a very in-depth way in medium to short length chapters.
