Prokofiev - Piano Concerto No 1 (Argerich, Rabinovitch ... Sergei Prokofiev scored his Violin Concerto in D major op. 19 during the time he was composing the Classical Symphony – avowedly " in the style of Haydn " .

The First Concerto was perhaps my first more or less mature composition as regards both conception and fulfillment, reflected Prokofiev in his Autobiography. After his training as a concert pianist, the composer played this single-movement concerto for his final examination and received the coveted Rubinstein prize. The concerto opens with a grandiose theme that unifies the entire work. Four contrasting sections are fashioned into a three-part sonata design, climaxing in a brilliant solo cadenza. As Prokofiev observed, this early work exhibits all the characteristics of his later achievements, including memorable melodies, propulsive rhythms, and an impish sense of humor.

No musical genre has had a more chequered critical history than the concerto and yet simultaneously retained as consistently prominent a place in the affections of the concert-going public. This volume, one of very few to deal with the genre in its entirety, assumes a broad remit, setting the concerto in its musical and non-musical contexts, examining the concertos that have made important contributions to musical culture, and looking at performance-related topics. A picture emerges of a genre in a continual state of change, re-inventing itself in the process of growth and development and regularly challenging its performers and listeners to broaden the horizons of their musical experience.

Sergey Prokofiev (1891-1953), arguably the most popular composer of the twentieth century, led a life of triumph and tragedy. The story of his prodigious childhood in tsarist Russia, maturation in the West, and rise and fall as a Stalinist-era composer is filled with unresolved questions. Sergey Prokofiev and His World probes beneath the surface of his career and contextualizes his contributions to music on both sides of the nascent Cold War divide. The book contains previously unknown documents from the Russian State Archive of Literature and Art in Moscow and the Prokofiev Estate in Paris. The literary notebook of the composer's mother, Mariya Grigoryevna, illuminates her involvement in his education and is translated in full, as are ninety-eight letters between the composer and his business partner, Levon Atovmyan. The collection also includes a translation of Sigizmund Kirzhizhanovsky's unperformed stage adaptation of Eugene Onegin, for which Prokofiev composed incidental music in 1936. The essays in the book range in focus from musical sketches to Kremlin decrees. The contributors explore Prokofiev's time in America; evaluate his working methods in the mid-1930s; document the creation of his score for the film Lieutenant Kizhe; tackle how and why Prokofiev rewrote his 1930 Fourth Symphony in 1947; detail his immortalization by Soviet bureaucrats, composers, and scholars; and examine Prokofiev's interest in Christian Science and the paths it opened for his music. The contributors are Mark Aranovsky, Kevin Bartig, Elizabeth Bergman, Leon Botstein, Pamela Davidson, Caryl Emerson, Marina Frolova-Walker, Nelly Kravetz, Leonid Maximenkov, Stephen Press, and Peter Schmelz.
