"Public Health Leadership: Putting Principles Into Practice goes beyond a description of what leadership is to serve as a "how-to" guide for successful future public health leaders. Professors will find case studies in each section, illustrating the practical applications of the principles discussed, always in the public health context. Leadership exercises and discussion questions encourage student participation.

public health leadership - Jones & Bartlett Learning

Transposing leadership into a public health setting, Rowitz (2014, p. 6-11) identifies and describes 16 Principles of Public Health Leadership. These principles assist in understanding the role of public health leaders and how the setting of public health requires additional attributes. However, in conclusion, Rowitz states that whilst there are differences between being a business leader and a
