Online PDF Ebook Epub Library visioning family therapy race culture and gender in clinical practice 2nd edition december 2010 journal of muslim mental health 53368 371 clinical social work journal

Now in a significantly revised and expanded second edition, this groundbreaking work illuminates how racism, sexism, and other forms of oppression constrain the lives of diverse clients and family therapy itself. Practitioners and students gain vital tools for re-evaluating prevailing conceptions of family health and pathology; tapping into clients' cultural resources; and developing more inclusive theories and therapeutic practices. From leaders in the field, the second edition features many new chapters, case examples, and specific recommendations for culturally competent assessment, treatment, and clinical training. The section in which authors reflect on their own cultural and family legacies also has been significantly expanded.

A leading text for courses that go beyond the basics of family systems theory, intervention techniques, and diversity, this influential work has now been significantly revised with 65% new material. The volume explores how family relationships--and therapy itself--are profoundly shaped by race, social class, gender, religion, sexual orientation, and other intersecting dimensions of marginalization and privilege.

Chapters from leading experts guide the practitioner to challenge assumptions about family health and pathology, understand the psychosocial impact of oppression, and tap into clients' cultural resources for healing. Practical clinical strategies are interwoven with theoretical insights, case examples, training ideas, and therapists' reflections on their own cultural and family legacies.
• New to This Edition
• Existing chapters have been thoroughly updated and 21 chapters added, expanding the perspectives in the book.
• Reflects over a decade of theoretical and clinical advances and the growing diversity of the United States.
• New sections on re-visioning clinical research, trauma and psychological homelessness, and larger systems.
•

The editor of the classic "Ethnicity and Family Therapy" explores the ways that clients' lives, and family therapy itself, are constrained by larger forces of racial, cultural, sexual, and class-based inequality. This groundbreaking volume expands the boundaries of the field and works toward truly inclusive clinical practice. Integrating theoretical exposition, case studies, and autobiographical narratives, the book offers concrete suggestions for improving family therapy.

Exploring the ways that clients' lives, and family therapy itself, are constrained by larger forces of racial, cultural, sexual, and class-based inequality, this groundbreaking volume expands the boundaries of the field and works toward truly inclusive clinical practice. Editor Monica McGoldrick, whose earlier *Ethnicity and Family Therapy* provides in-depth portraits of the family systems of more than 40 ethnic groups, here takes up vital cultural issues that cut across all ethnicities. Renowned contributors offer concrete suggestions for improving family therapy training and developing services that minority families may experience as more relevant to their lives.

Social, cultural, and religious characteristics that are relevant to working with Black American families, illustrated with case examples

and hands on guide to developing cultural awareness of a specific ethnic population.

This unprecedented volume provides a primer on diverse couples and families—one of the most numerous and fastest-growing populations in the United States—illustrating the unique challenges they face to thrive in various cultural and social surroundings.

- Offers an examination of a broader-than-typical array of diverse families and the challenges they face
- Includes case vignettes of couples and families of varying racial/ethnic, socioeconomic, religious/spiritual, and sexual orientations, the subgroups among them, and their intersections
- Examines issues including social disparities, stereotyping and discrimination, identity development, and the roles of neighborhoods and communities
- Written to allow easy incorporation as a textbook or supplemental text
- Includes highlighted "Myths and Realities" with each chapter as well as a list of additional resources and cultural competence take-aways after each section

Most traditional couple therapy models are based on the Eurocentric, middle-class value system and are not effective for today's psychotherapists working in multicultural settings. *Multicultural Couple Therapy* is the first "hands-on" guide for integrating couple therapy with culture, race, ethnic identity, socioeconomic status, religious beliefs, sexual orientation, and immigration experiences. The editors and a culturally diverse group of contributors follow a common outline of topics across chapters, related to theory, research, practice, and training. They report on the application of major evidence-based models of couple therapy and demonstrate the integral role played by contextually based values involved in relationships, conflict, and resolution. **Key Features** Presents a multiperspective approach that focuses on specific cultural issues in couple therapy Creates a cultural context for couples to help readers better understand key issues that affect relationships Features a series of compelling "Case Examples" from the authors' personal therapeutic experience in treatment with

Couples from diverse backgrounds Includes "Additional Resource" sections, including suggested readings, films, and Web sites, as well as experiential exercises and topics for reflection Intended Audience This groundbreaking book provides an in-depth resource for clinicians, supervisors, educators, and students enrolled in courses in couple therapy, marriage and family therapy, and multicultural counseling who are interested in how diverse clients define conflicts and what they consider to be functional solutions.

Voices of Color: First Person Accounts of Ethnic Minority Therapists/strong is the first book to address the training, academic, and professional experiences of ethnic minority therapists. Using real cases, narratives, and biographical material, each chapter motivates the reader to ponder and challenge how issues related to mental health intersect with race/ethnicity within a broader diversity framework. The contributors represent various mental health disciplines, and they all write from a systemic perspective on therapy cases, theory, new models, and research. The authors present powerful narratives of how their personal and professional experiences inform each other.

A family therapist uses the family trees of famous dynasties--such as the Kennedys--to show how behavior repeats itself from one generation to the next and to examine the effects of birth order and other factors

Culturally Sensitive Supervision and Training: Diverse Perspectives and Practical Applications is a comprehensive text that exposes readers to an array of culturally competent approaches to supervision and training. The book consists of contributions from a culturally and professionally diverse group of scholars and clinicians who have been on the frontline of providing culturally competent supervision and training in a variety of settings. Many of the invited contributing authors have developed innovative clinical-teaching strategies for skillfully and effectively incorporating issues of culture into both the classroom and the consulting room. A major portion of the book will

Download Free Re Visioning Family Therapy Race Culture And Gender In

provide the reader with an insider 's view of these strategies as well as a plan for implementation, with one chapter devoted to experiential exercises to enhance cultural sensitivity in supervision and training. The text is intended for use in supervision courses, but trainers and supervisors will also find it essential to their work.
