Resolve in International Politics (Princeton Studies in ...

The answer given by policymakers, pundits, and political scientists usually relates to issues of resolve. Yet, though we rely on resolve to explain almost every phenomenon in international politics—from prevailing at the bargaining table to winning on the battlefield—we don't understand what it is, how it works, or where it comes from.

Resolve in International Politics - Princeton Scholarship

Resolve in International Politics 5 In this sense, this is a book about the political psychology of international politics, showing how we gain a richer understanding of global affairs when we focus not just on the macro-structural forces “shaping and showing,”15 but also on the properties and characteristics of actors themselves. In positing

Resolve in International Politics (Princeton Studies in ...

Why do some actors in international politics display remarkable persistence in wartime, while others “cut and run” at the first sign of trouble? I offer a behavioral theory of resolve, suggesting that variation in time and risk preferences can help explain why some actors display more resolve than others.
