One of the most widely used series of methods for individual or like-instrument class instruction. Using a very well-rounded approach including scales, arpeggios, technical studies, studies for musicianship, articulation studies, solos, duets, and studies devoted to the special needs of each instrument, this series provides a fantastic wealth of material for all student musicians.

(Woodwind Method). These studies, a series of short etudes designed to improve technique and musicianship, are intended to supplement or follow any elementary method.

One of the most widely used series of methods for individual or like-instrument class instruction. Using a very well-rounded approach including scales, arpeggios, technical studies, studies for musicianship, articulation studies, solos, duets, and studies devoted to the special needs of each instrument, this series provides a fantastic wealth of material for all student musicians.

This classic series of duets for like instruments is recognizable to nearly everyone who has ever studied an instrument. The wealth of material supplements musical development and provides a rich experience for growing musicians. Duet playing is often a student's first form of ensemble experience - technique, tone quality, intonation and balance are introduced as students do one of the things they enjoy most - making music with a friend. And duet playing leads easily and naturally to competent performance in larger ensembles. (Vol. 1 - Easy to Medium, Vol. 2 - Medium to Advanced)
