Ruth Hilton is an orphaned young seamstress who catches the eye of a gentleman, Henry Bellingham, who is captivated by her simplicity and beauty. When she loses her job and home, he offers her comfort and shelter, only to cruelly desert her soon after. Nearly dead with grief and shame, Ruth is offered the chance of a new life among people who give her love and respect, even though they are at first unaware of her secret - an illegitimate child. When Henry enters her life again, however, Ruth must make the impossible choice between social acceptance and personal pride. In writing *Ruth*, Elizabeth Gaskell daringly confronted prevailing views about sin and illegitimacy with her compassionate and honest portrait of a 'fallen woman'.

"If you want to whip me, uncle, you may do it. I don't much mind." Put in this form, it was impossible to carry out his intentions; and so Mr. Benson told the lad he might go - that he would speak to him another time. Leonard went away, more subdued in spirit than if he had been whipped. Sally lingered for a moment. She stopped to add: "I think it's for them without sin to throw stones at a poor child, and cut up good labour branches to whip him. I only do as my betters do, when I call Leonard's mother Mrs. Denbigh." The moment she had said this she was sorry; it was an ungenerous advantage after the enemy had acknowledged himself defeated. Mr. Benson dropped his head upon his hands, and hid his face, and sighed deeply. -Chapter XIX: "After Five Years" As interest in 19th-century English literature by women has been reinvigorated by a resurgence in popularity of the works of Jane Austen, readers are rediscovering a writer whose fiction, once widely beloved, fell by the wayside. British novelist ELIZABETH CLEGHORN GASKELL (1810-1865) - whose books were sometimes initially credited to, simply, "Mrs. Gaskell" - is now recognized as having created some of the most complex and progressive depictions of women in the literature of the age, and is today justly celebrated for her precocious use of the regional dialect and slang of England's industrial North. *Ruth* - Gaskell's third novel, first published in three volumes in 1853 - is notable as one of the rare instances in the fiction of the era of a positive portrayal of unwed motherhood and for its thematic condemnation of the social stigma of illegitimacy. The tale of a young woman seduced and abandoned by her lover, then taken in and protected by a kindly minister and his sister, it is remarkably progressive for the period. Friend and literary companion to the likes of Charles Dickens and Charlotte Brontë - the latter of whom Gaskell wrote an acclaimed 1857 biography - Gaskell is today being restored to her rightful place alongside them. This charming replica volume is an excellent opportunity for 21st-century fans of British literature to embrace one of its most unjustly forgotten authors.

"Ruth" from Elizabeth Cleghorn Gaskell. British novelist and short story writer during the Victorian era (1810-1865).

Ruth Elizabeth Gaskell Complete Classics *Ruth* is a novel by Elizabeth Gaskell, first published in three volumes in 1853. *Ruth* is a young orphan girl working in a respectable sweatshop for the overworked Mrs Mason. She is selected to go to a ball to repair torn dresses. At the ball she meets the aristocratic Henry Bellingham, a rake figure who is instantly attracted to her. They meet again by chance and form a secret friendship; on an outing together they are spotted by Mrs Mason who, fearing for her shop's reputation, dismisses Ruth. Alone in the world, Ruth is whisked away by Bellingham to London where it is implied she becomes a fallen woman. They go on holiday to Wales together and there on a country walk Ruth meets the disabled and kind Mr Benson. Bellingham falls sick with fever and the hotel calls for his mother who arrives and is disgusted by her son's having lived in sin with Ruth. Bellingham is persuaded by his mother to abandon Ruth in Wales, leaving her some money. A distraught Ruth attempts suicide but is spotted by Mr Benson who helps comfort her. When he learns of her past and that she is alone he brings her back to his home town, where he is a Dissenting minister, to stay with him and his formidable but kind sister Faith. When they learn that Ruth is pregnant they decide to lie to the town and claim that she is a widow called Mrs Denbigh, to protect her from a society which would otherwise shun her.

Ruth was there, quiet, very pale, and with compressed lips, sick at heart as she heard Miss Benson's arguments for the necessity of whipping, in order to cure Leonard of his story-telling. Mr Benson looked unhappy and uncomfortable. Education was but a series of experiments to them all, and they all had a secret dread of spoiling the noble boy, who was the darling of their hearts. And, perhaps, this very intensity of love begot an impatient, unnecessary anxiety, and made them resolve on sterner measures than the parent of a large family (where love was more spread abroad) would have dared to use.

Reproduction of the original: *The Moorland Cottage* by Elizabeth Gaskell

Seminar paper from the year 2006 in the subject English Language and Literature Studies - Literature, grade: 2,0, University of Potsdam (Anglistik/Amerikanistik), course: Images of Victorian Womanhood in Art and Literature, language: English, abstract: Gaskell's work *Ruth* deals with the central theme of the fallen woman at Victorian times. *Ruth* tells the story of a young innocent and orphaned girl that is seduced

by a well-off noble man, Mr. Bellingham, who deserts her in the end. Left alone and pregnant she is willing to kill herself, but eventually rescued by the Dissenter minister, Mr. Benson. Ruth is often referred to as a social problem novel (Pike 15) but it is more than that. Beyond it, the novel treats the problems of illegitimate children, the double sexual standard and religious hypocrisy. My attempt is, first, to show how Elizabeth Gaskell's novel was influenced by her private and public life, which means how these influences are reflected in her representation in Ruth. In this section I will look at her upbringing, her Unitarian belief and her public charity work. Second, I will analyse how the three above mentioned issues (illegitimate children, the double sexual standard and religious hypocrisy) are treated in Ruth and what criticism E. Gaskell expresses in connection with these three topics; especially, through the text in her novel. Thus, I will articulate the things, the text does say. Next, I will state what the text does not say. That means how the unspoken things, which must not be said, are revealed through other means and methods. Hence, I will examine the way E. Gaskell uses colours and natural phenomenon to foreshadow and point to certain unpleasant or agreeable events that will penetrate into her life.
