Growing up, Sophie carried a terrible secret. She was her fathers slave, in the most horrific ways imaginable. At just a few months old she was adopted by a couple that seemed comfortably off and perfectly respectable to the outside world. But behind closed doors, Sophies childhood was a living hell. Her father spent the next decade grooming her for abuse and when Sophies mother left for good, that very night, he told Sophie that from now on she would sleep in his bed. Unable to cope, Sophie spiralled into suicidal misery. She began to self-harm to try and escape the agony. But one day she went too far and at 16, ended up in a psychiatric unit. It was here that she finally confronted the horrors of home and began the painful journey of rebuilding her life. A phenomenally courageous woman, Sophie now works for the Samaritans and helps other young people in need. Harrowing yet compelling, this is a searing and truly inspirational account of overcoming the worst abuse and self-harm.

With the recent success of the movie and book "Twelve Years A Slave" in mind, this title, as the name imports, gives a true picture of the state of slavery in the United States in the first half of the 19th century. It had an important bearing on the great controversy upon this subject at the time it was published. The evidence which it

Read Book Scarred She Was A Slave To Her Father Pain Was Her Only Escape How One Triumphed Over Shocking Abuse And Self

contains is minutely circumstantial. A considerable portion of the book consists of the narratives of persons who have resided at the south, and witnessed the treatment of the slaves on the plantation with which they were conversant. With very few exceptions the name of the witness is given, and in the cases in which circumstances make it unsafe that he should be known, his character for integrity is vouched for by some responsible person. In some instances also, but those very few, the witness relates what was told him by persons on whose veracity he could rely. But the great mass of the evidence is original and from known and named witnesses. Please be advised that this book contains very explicit and detailed narratives that tell of torture, pain and cruelty.

The mysterious Guardians return in a bizarre time of severe crisis and intrigue to take on four deadly perils in space threatening to take the galaxy by storm.

Read Book Scarred She Was A Slave To Her Father Pain Was Her Only Escape How One Triumphed Over Shocking Abuse And Self

NeoSlave Narratives is a study in the political, social, and cultural content of a given literary form--the novel of slavery cast as a first-person slave narrative. After discerning the social and historical factors surrounding the first appearance of that literary form in the 1960s, NeoSlave Narratives explores the complex relationship between nostalgia and critique, while asking how African American intellectuals at different points between 1976 and 1990 remember and use the site of slavery to represent the crucial cultural debates that arose during the sixties.

Presenting a new perspective on the saga of the enslavement of the Jewish people and their departure from Egypt, this study compares the Jewish experience with that of African-American slaves in the United States, as well as the latter group's subsequent fight for dignity and equality. This consideration dives deeply into the biblical narrative, using classical and modern commentaries to explore the social, psychological, religious, and philosophical dimensions of the slave experience and mentality. It draws on slave narratives, published letters, eyewitness accounts, and recorded interviews with former slaves, together with historical, sociological, economic, and political analyses of this era. The book explores the five major needs of every long-term victim and journeys through these five stages with the Israelite and the African-American slaves on their historical path toward physical and psychological freedom. This rich, multi-dimensional collage of parallel and contrasting experiences is designed to enrich readers' understanding of the plight of these two groups.
