Self and Society: Narcissism, Collectivism, and the ...

The effect on society was almost immediate: a culture of rising self-awareness had now grown to one of increasing narcissism, but in an unstable socio-economic climate. The collective psychology of Western society now became more dysfunctional, as an increasingly narcissistic society was unable to properly deal with a change in economic circumstances.

Individualism, Narcissism, and psychopathy in modern society

Self and Society: Narcissism, Collectivism, and the ...

Narcissists have a very high sense of self importance. They tend to have an unreasonable amount of entitlement, coupled with selfish or greedy behaviour. Narcissists have a lower amount of empathy than the average person, which can cause them to act exploitatively and manipulatively towards other people.
