For years
Christians have
been asking, "If
you died
tonight, do you

Where To Download

know where you would go?" It turns out that many believers have been giving the wrong answer. It is not heaven. Award-winning author N. T. Wright outlines the present confusion about a Christian's

Where To Download

future hope and shows how it is deeply intertwined with how we live today. Wright, who is one of today's premier Bible scholars, asserts that Christianity's most distinctive idea is bodily resurrection. He

Where To Download

provided a magisterial defense for a literal resurrection of Jesus and shows how this became the cornerstone for the Christian community's hope in the bodily resurrection of all people at

Where To Download

the end of the age. Wright then explores our expectation of "new heavens and a new earth," revealing what happens to the dead until then and what will happen with the "second coming" of Jesus. For many, including

Where To Download

many Christians,
all this will
come as a great
surprise. Wright
convincingly
argues that what
we believe about
life after death
directly affects
what we believe
about life
before death.
For if God
intends to renew

Where To Download

the whole
creation—and if
this has already
begun in Jesus's
resurrection—the
church cannot
stop at "saving
souls" but must
anticipate the
eventual renewal
by working for
God's kingdom in
the wider world,
bringing healing

and hope in the present life. Lively and accessible, this book will surprise and excite all who are interested in the meaning of life, not only after death but before it.
