The Customer-Driven Organization: Employing the Kano Model ...

Meeting customer needs leads to customer satisfaction but does not lead to customer loyalty, which is what keeps companies in business. Delighted customers however, are loyal customers. The Kano Model developed by Noriaki Kano describes delightful performance as that which surprises and excites the customer in addition to meeting their basic needs. In order to "delight" a customer, an organization or individual must become aware of not just what is asked for, but rather what is needed.
