The Ethos of Europe: Values, Law and Justice in the EU. Although the analysis offered in this book is not very innovative in its details, the overall project is of some originality. Andrew Williams ' s main contention is that the EU project has developed its own institutional ethos, and that this is the product of both the entrenchment in European public discourse of a number of values, and of the way in which the European legal system (and its underlying philosophy) promotes and protects ...
