Coronavirus UK: New lockdown rules - What has been ...

The New Rules Of Retail. 27 March 2018. The U.S. retail marketplace is undergoing an unprecedented transformation, thanks to a number of change-making factors. We're all aware of the meteoric rise of e-commerce and the recent decline of brick-and-mortar retail, but that's only part of the story. Retailers across the country are also struggling under the weight of debilitating debt, largely due to leveraged buyouts from private equity firms.

The New Rules Of Retail

Retail industry consultants Robin Lewis and Michael Dart combine experience and original research in their pragmatic, useful analysis of how the industry has evolved since the rise of the Internet. They offer a clear, logically progressive discussion, with instructive observations about stores, brands and the three "new rules of retail."

The New Rules of Retail Free Summary by Robin Lewis et al.

In *The New Rules of Retail* , industry gurus Robin Lewis and Michael Dart explained how unprecedented consumer power, enabled by technology and globalization, is revolutionizing retail. They warned that survival in these dynamic times called for a business model based on three distinct competencies: preemptive, perpetual distribution; a neurological customer connection; and total control of the value chain.
