Welcomed by thousands of parents, this book shows how to recognise and overcome A.D.H.D., a controversial condition which disrupts learning abilities and causes hyperactive behaviour, particularly in children

The authoritative handbook provides a wealth of urgently needed information to help parents of a hyperactive child understand and cope with their child's baffling behavior.

A Parent's Guide to Attention Deficit Disorder is a book written especially for parents who have children with ADD with and without hyperactivity. Parents will learn about the signs and symptoms of this disorder and if warranted, the important role of medication.

An integrative method for helping children focus and learn! If your child has been given a

diagnosis of ADHD, you may be feeling overwhelmed and unsure of what to do next. With The Conscious Parent's Guide to ADHD, you will learn how to take a relationship-centered approach to parenting that engages your child and ensures that he succeeds behaviorally, socially, and cognitively. Conscious parenting is about being present with your child and taking the time to understand how to help him flourish. By practicing this mindful method, you can support your child emotionally and help nurture his development. With this all-in-one guide, you can create a plan that not only addresses the challenges a child with ADHD faces, but also creates a mindful, less stressful atmosphere for the whole family. You'll be able to: Honor your child's unique learning style Adapt a conscious parenting philosophy that works for everyone Understand treatment options and weigh the pros and cons of medication Lower stress levels for the entire family, including other siblings Learn how a mindful approach can be combined with other treatments Help your child focus at home and school Focus on your child's strengths as well as weaknesses Encourage your child to achieve his goals When both you and your child are more mindful and relaxed, your child can learn to focus, gain independence, and thrive both in school and out.

The vital skills children need to achieve their full potential! Being organized. Staying focused. Controlling impulses and emotions. These are some of the basic executive functioning (EF) skills children need to function and succeed as they grow. But what can you do if your child is struggling with one or all of these skills? With this hands-on guide, you'll learn what EF difficulties look like and how you can help your child overcome these challenges. Psychologist Rebecca Branstetter teaches you how to help improve the executive functions, including: Task

initiation Response inhibition Focus Time management Working memory Flexibility Self-regulation Completing tasks Organization With checklists to help enforce skills and improve organization, The Everything Parent's Guide to Children with Executive Functioning Disorder is your step-by-step handbook for helping your child concentrate, learn, and thrive!

This book is the most comprehensive and easy-to-use guide available for parents who want to use homeopathy to treat their children's illnesses safely, gently, and effectively. Practical, concise, and user-friendly, The Parents' Guide to Homeopathy provides homeopathic remedies for more than 150 acute conditions, from annoying to threatening, that arise in the everyday lives of kids. Instructions on how to observe physical and emotional symptoms in kids from newborns to teens; succinct descriptions of gentle, safe, and nontoxic remedies; and sections on winter ailments, first-aid, enhancing healing, and travel put a wealth of knowledge at parents' fingertips. Remedy tables at the back of the book help decipher the correct treatment for each condition. Shelley Keneipp shares her wealth of knowledge and many years of experience to provide a clear, simple education concerning homeopathic remedies. She empowers parents who want to break the habit of relying exclusively on medical expertise and instead to use relatively economical over-the-counter remedies without worrying about harmful side effects. She suggests essential remedies to stock for any household first aid kit; provides background on common ailments such as coughs, colds, fevers, and digestive problems; and includes eye-catching sidebars that alert readers to conditions that demand immediate medical attention. Boxed entries clue readers to what symptoms to observe and how to differentiate between similar presentations. Taken together, these features make this book the gold

standard for parents who want apply the gentlest possible cure in the shortest possible time with the fewest reasons for intervention.

First published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

Provides advice on storytelling techniques including when to raise and lower the voice and when to refrain from reading and encourage audience participation, including dozens of stories that are easy to read aloud.

As a professional working with all types of children on a daily basis, you know what a positive influence parents can have on a child's success in school and beyond. You also know how essential parental involvement is for children with attention deficit disorders, especially when the child's difficult behaviors controlsituations with his or her peers, siblings, and adults. Now you can give parents guidance and hope in dealing with their children through Power Parenting for Children with ADD/ADHD: A Practical Parent's Guide for Managing Difficult Behaviors. Written in clear, nontechnical language, this much-needed guide provides practical, real-life techniques and activities to help parents.

This parenting guide to ODD offers expert information on your child's condition, provides insight and empathy to what they are going through, and equips and empowers you to make practical changes in your parenting approaches. It provides an overview of tried-and-tested techniques from a mother of a child with ODD to support you in response to typical questions

Acces PDF The Parents Guide To Attention Deficit Disorders Intervention Strategies For The Home

you may have: · "Why is my child acting this way?" · "What does this say about me?" · "Why doesn't my child respond to punishment or reward?" · "What am I supposed to do next?"
Overall this book teaches you how to avoid common mistakes in responding to ODD, the crossover with similar diagnoses such as ADHD and how to distinguish the disorders, how to improve your own resilience and confidence to communicate effectively with your strong-willed child, and start rebuilding the relationship you have.
