Preceded by: Treating sexually abused children and their nonoffending parents: a cognitive behavioral approach / Esther Deblinger, Anne Hope Heflin. c1996.

Download Ebook The Ual Abuse Of Children Volume I Theory And Research

This selective guide is the first North American resource to gather together diverse information on sexual abuse, including findings about incest, non-family abuse, the offender, legal aspects of sexual offences, and the treatment of the abused. Also included are a recommended basic library on the subject and a list of available films.

Following a case study approach organized around the psychoanalytic process, this book addresses clinical issues that arise in analytic work with adults who were sexually abused as children. Special emphasis is given to the way in which childhood sexual trauma affects the treatment process and influences the contents and quality of transference. Contributors also focus on the formation of the therapeutic alliance, countertransference issues, and disturbances in ego functions.

Based on the experiences of hundreds of survivors, *The Courage to Heal* profiles victims who share the challenges and triumphs of their personal healing processes. Inspiring and comprehensive, it offers mental, emotional and physical support to all people who are in the process of rebuilding their lives. *The Courage to Heal* offers hope, encouragement and practical advice to every woman who was sexually abused as a child and answers some vital questions, including-- How do I know if I was sexually abused?-- Where does the decision to heal start?-- How can I break the silence and who will listen?-- How can I re-build my self-esteem, intimacy and capacity to love?-- What therapy, support groups, self-help programmes or organisations are available?

In this helpful booklet Victoria L. Johnson looks at the problem of childhood sexual abuse, why it is so damaging and what church leaders can do to help children from abuse. Market/Audience African Americans Church leaders Counselors and therapists Pastors Features and Benefits Appropriate for counselors, church leaders and parents Offers an African-American perspective Author is an experienced social services worker

"Anyone who had a troubled childhood ought to read this book."--Anne H. Cohn, D.P.H., Executive Director, National Committee for Prevention of Child Abuse Do you have trouble finding friends, lovers, acquaintances? Once you find them, do they dump on you, take advantage of you, or leave? Are you in a relationship you know isn't good for you? Are you still trying to figure out what you want to do when you grow up? Are you drinking too much, eating too much or trying to numb your pain with drugs of any kind? These are just a few of the problems abused children experience when they become adults. You may not realize you were abused. You may think your parents didn't mean it, didn't know better, or that others had it much worse. You may not even have made the connection between the past and your current problems. *Outgrowing the Pain* is an important book for any adult who was abused or neglected in childhood. It's an important book for professionals who help others. It's a book of questions that can pinpoint and illuminate destructive patterns. The answers you discover can lead to a life filled with new insight, hope, and love. "The best book available to help survivors cope and understand."--Dan Sexton, Director, Childhelp's National Abuse Hotline "An invaluable aid for adult survivors of child abuse."--Suzanne M. Sgroi, M.D., Executive Director, New England Clinical Associates

This solidly biblical and sensitive guide from two medical and counseling professionals is full of helpful information for Christian communities ministering to children and families recovering from sexual abuse.

This work is an important new edition of a classic study--one of the few exhaustive examinations of childhood sexual abuse available--with 40 percent new material. * A chronology of important events in the history of child sexual abuse covers the various laws and how they've changed over the centuries (from religious laws allowing marriage to minor girls up through the latest laws relating to Internet issues), notable abuse cases, the formation of major anti-abuse organizations, and top scientific studies * Excerpts from relevant U.S. and international laws and conventions

Child sex abuse is a minefield of complexity and confusion for all involved. Tilman Furniss has written a handbook that provides practical help and guidance to all professionals - from clinical treatment specialists to police and lawyers.
