Finally in English, *Island of Shattered Dreams* is the first ever novel by an indigenous Tahitian writer. In a lyrical and immensely moving style, this book combines a family saga and a doomed love story, set against the background of French Polynesia in the period leading up to the first nuclear tests. The text is highly critical of the French government, and as a result its publication in Tahiti was polarising.

The #1 bestselling author explores the myriad ways readers can experience a life overflowing with tranquility.

The Rider has no memory of who he is, where he is, or how he came to be lying—dying—in the brutal heat of the North African desert. Rescued by a band of deserters, the Rider begins to piece together his identity, based on shards of recollection and the letters in his mailbag. *The Letter Bearer* is unlike any other novel of World War Two. In the midst of profound trauma, terrible warfare, and the nameless experience of desertion, this gripping story asks us to consider how men build hope when they have nothing left—not even a name. When first published last year in London, Robert Allison's debut novel was met with wide praise and was nominated for the Desmond Elliott Prize, described by one of its judges as "An excellent and elegant novel written with patience and authority . . ." Readers of Michael Ondaatje and Paul Bowles will find the landscape familiar, but no reader will ever forget the haunting and haunted story of this remarkable victim.

Solving complex problems and selling their solutions is critical for personal and organizational success. For most of us, however, it doesn't come naturally and we haven't been taught how to do it well. Research shows a host of pitfalls trips us up when we try: We're quick to believe we understand a situation and jump to a flawed solution. We seek to confirm our hypotheses and ignore conflicting evidence. We view challenges incompletely through the frameworks we know instead of with a fresh pair of eyes. And when we communicate our recommendations, we forget our reasoning isn't obvious to our audience. How can we do it better? In *Cracked It!*, seasoned strategy professors and consultants Bernard Garrette, Corey Phelps and Olivier

Sibony present a rigorous and practical four-step approach to overcome these pitfalls. Building on tried-and-tested (but rarely revealed) methods of top strategy consultants, research in cognitive psychology, and the latest advances in design thinking, they provide a step-by-step process and toolkit that will help readers tackle any challenging business problem. Using compelling stories and detailed case examples, the authors guide readers through each step in the process: from how to state, structure and then solve problems to how to sell the solutions. Written in an engaging style by a trio of experts with decades of experience researching, teaching and consulting on complex business problems, this book will be an indispensable manual for anyone interested in creating value by helping their organizations crack the problems that matter most.

Shares advice for transitioning away from unfulfilling jobs to embark on adventurous, meaningful careers, outlining recommendations for starting a personal business with a minimum of time and investment while turning ideas into higher income levels. 60,000 first printing.
